The Student Services Amenities Fee, which has been introduced by the Federal Government for implementation in 2012, allows HEPs to charge Higher Education students a fee which can be used to provide services and amenities to enhance their student experience. Students will be able to defer their SSAF by way of the SA-Help loan (similar to HECS). Funds collected from this fee have specific nominated categories which they can be spent on and these are outlined in the government Guidelines. Support of the student representative body is required under the SSAF guidelines for how these funds are to be spent.
