At Federation University Australia, our purpose is to transform lives and enhance communities. It informs everything we do – from research that helps make our lives better to ensuring our students have the support they need to succeed in their studies and in life.

Thanks to the support of our donors and sponsors, the Federation University Australia Foundation is transforming lives every day. In 2018, 69 Foundation scholarships ranging from $1,000 to $7,000 were awarded to higher education and TAFE students who have demonstrated a strong commitment to study and have some form of economic disadvantage.

Without this financial support, many of these students would not have been able to continue their studies and for many, it is the first time anyone has expressed belief in them.

To our donors, we say thank you for your belief, your generosity and support. Thank you for helping us transform lives.

The Foundation also acknowledges with gratitude funds donated to the University prior to the establishment of the Foundation, which enabled the creation of the overall scholarship fund.
