

## Coronavirus response - Federation University Australia

Wednesday 18 November 2020

Dear Student,

Now that Victorian Government has removed the borders between metro Melbourne and regional areas and you can reconnect with friends and family, we would like to provide advice about travel between Federation campuses. To find detailed advice about current restrictions visit [coronavirus.vic.gov.au](https://coronavirus.vic.gov.au) [Coronavirus \(COVID-19\) reopening roadmap: Third Step - Victoria](#).

### Attendance on campus in Victoria

While there is greater movement across Victoria, there are still restrictions on attending campus. We remind that you may only attend a campus in the following specific circumstances:

- When you have been formally invited by your School or TAFE to join activities on campus. The Schools and TAFE have to have an approved COVIDSafe risk minimisation plan in place before inviting students back, so your safety is protected.
- When you have booked an on-campus study space via the [Library booking system](#). These spaces allow you access to a computer or to a wi-fi enabled workspace, which may be helpful as you prepare for, and undertake, any end-of-semester assessments currently underway.

### Face masks/coverings on campus

Across Victoria, if you leave your home you must wear a mask. This applies at all Federation University or Federation TAFE Victorian campuses, even in classes, pracs and labs. We will review this requirement as soon as the government advice

allows and appreciate everyone's patience. This is a Victorian Government requirement but there some exceptions related to teaching and proven health reasons. The Department of Health and Human Services offer more information on [lawful exemptions here](#).

Stay safe.
