

You can now 'sign up' to course sessions quicker - and see a course preview - prior to signing up to your preferred session. As you browse courses in the Course Catalogue, courses with a virtual session will have a 'Sessions' button appear against the course.

View available sessions

When you select the **'Sessions'** button, you will be presented with the dates available for each course. The 'Sessions' button icon appears as follows in the 'Card view' or the 'List view':

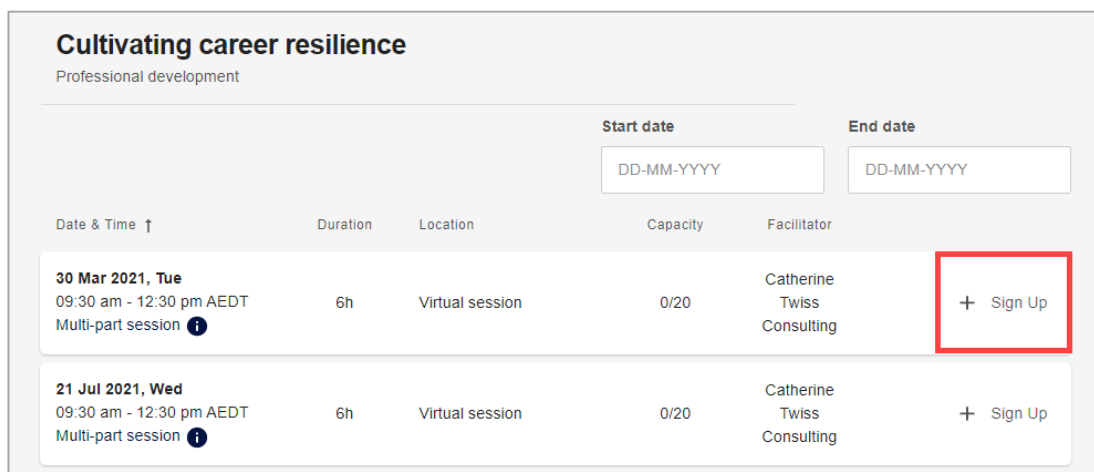

Card view

List view

'Sign Up' to a session

Use the **'Sign Up'** button to select your preferred virtual session date (do not use the 'Enrol' button - this is only used for online modules).

Multi-part sessions

To reduce the consecutive length of time spent in virtual training sessions, courses longer than three (3) hours may be split over multiple sessions and days.

For sessions with multiple parts, the start day/time of the first session is shown in addition to the total duration of the course activity. You can hover your mouse over the information icon to show you the full breakdown of the parts of the session.
