

FedUni Clubs & Societies Funding

The new FedUni Clubs & Societies Funding Model consists of a system where clubs/societies are funded as per satisfying certain requirements.

Affiliation

Affiliated clubs/societies will re-affiliate at the end of each year. At the beginning of the year all affiliated clubs/societies have until the mid-semester break to invoice the Student Engagement Office for **\$300**. Any brand new FedUni clubs/societies that affiliate can also invoice for that amount.

BBQ

Clubs/societies are encouraged to run a student BBQ on their campus. All food is paid for by the Student Engagement Office with the club/society being able to invoice us for the additional **\$200** incentive after the BBQ has been run.

Key Event

At the beginning of the year each club/society will nominate a key event they will run during the year. The club/society will receive **\$200** in funding to assist in running this event.

End of Year Review

We would like to meet with each club/society executive towards the end of the year (between October 1 and November 23) in order to discuss how the club is running and their plans for the future. This makes the club/society eligible for **\$200**.

Complete Training

A range of training opportunities will be available during the year. Clubs/Societies who participate in 2 of the available training opportunities can ask for a further **\$100**. For a full list of training opportunities please see the Professional Development section of the Clubs and Societies website.

Twice Yearly Audit

It is important that club/society funding is being spent in accordance with the SSAF Guidelines. To assist with tracking this clubs/societies are required to submit their bank statements to the Student Engagement Office twice a year; at the end of Semester 1 and at the End of Year Review in Semester 2.
