

UniSports Redevelopment Project

Update: Stage 2 of the Sports Science upgrade started.

To help us provide our valued customers with access to improved facilities and services, UniSports will be undergoing a number of renovations and changes in the coming months.

During the stage 2 renovations, access to Unisports is available through the automatic door near car park 4.

Unisports pool and Toning Point gym are open for business as usual however stage 2 of the upgrade sees changes to the Brown and Green gyms, and as a result, these facilities will be unavailable during this time.

We apologise for any inconvenience caused during this time, appreciate the ongoing support of all our valued members, and look forward to the redevelopment of our fitness facilities.
