ATOM Conditions of Use

THIS SERVICE IS FOR AUTHORISED CLIENTS ONLY
It is a criminal offence to:

1. Obtain access to data without authority
2. Damage, delete, alter or insert data without authority

Confidentiality Compliance
ATOM (Apprentice & Trainee Online Management) is a secured information system containing official University records.
As a registered user, it is your responsibility to maintain the University policy of confidentiality of information.
Any data that you extract from ATOM (Apprentice & Trainee Online Management) or access with ATOM (Apprentice & Trainee Online Management), for example pages, results, reports, address labels must be treated as confidential and managed accordingly.
Your username and password are unique and must not be divulged to any third party. Any breach of confidentiality will be taken seriously.

ATOM

Welcome to FedUni

As part of our services to you we invite you to visit our online management system ATOM (Apprentice & Trainee Online Management)

ATOM will allow you to access real time training progress information, allow you to view your training plans and schedule information, and confirm unit competence with a click of a button! The ATOM dashboard also lists helpful links for you to use.

Please enter your login details

- Teachers and Apprentices - Login with your FedUni Novell username and password
- Employers & Schools - Login with the email and generated password

Use your Novell login details

Forgotten password?

- FedUni Teacher and Apprentice passwords
- Employer & School password reset

ATOM Attendance Roll User Guide For Teachers

PART ONE (VET General Students)

Once logged in, your main ATOM dashboard screen will look like this –

VET General Student Search

There is now one central student search tile for teachers to look up any VET General student or Apprentice. Click on the **Quick Student Search** tile.

You can search by entering the student's first name or surname or Campus Solutions ID. ATOM will filter records based on what has been entered. Simply select the correct student from the drop down menu.

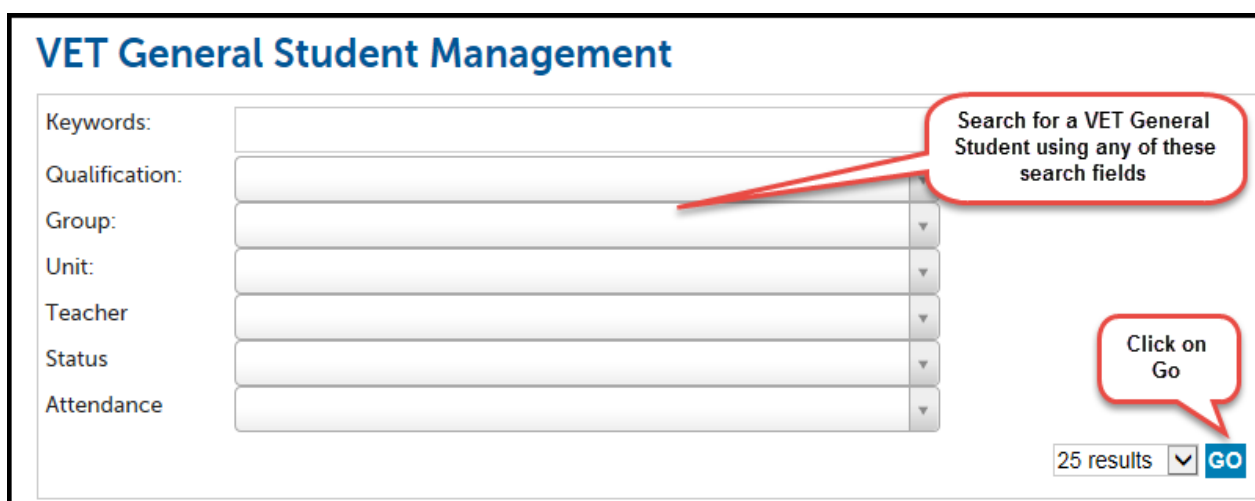

The screenshot shows the 'Quick Student Search' form. At the top left is a '< Back' button. At the top right is the text 'Stacie Duke Logout'. The main form area has a title 'Quick Student Search' and a search input field. Below the input field are two links: 'Browse Apprentices' and 'Browse General Students'. To the right of the input field is a 'Search' button.

ATOM Attendance Roll User Guide For Teachers

To view an archived student go back to the Dashboard and select the Archiving tile:

All VET General Students are listed in alphabetical order. You can search using one or more of the options below:

ATOM Attendance Roll User Guide For Teachers

New look Student Management view

<p>Multiply enrolments will now display if applicable</p>	VCALINT001	FCIVPTECH	15-02-2017 - 10-11-2017
	Active in Program		
	VCAL - Victorian Certificate of Applied Learning (Intermediate)		
	View VCALINT001 attendance Show 24 units		
	VCALFND001	FVFC	11-02-2016 - 11-11-2016
	Previous Qualification		
	VCAL - Victorian Certificate of Applied Learning (Foundation)		
	View VCALFND001 attendance Show 18 units		

<p>The units the student has been enrolled in are displayed along with the unit start and end dates as recorded in Campus Solutions</p>	VCALINT001	FCIVPTECH	15-02-2017 - 10-11-2017
	Active in Program		
	VCAL - Victorian Certificate of Applied Learning (Intermediate)		
	View VCALINT001 attendance Show 24 units		
	BSBEBU401		
	19-04-2017 - 10-11-2017		
	BSBSUS401		
	19-04-2017 - 10-11-2017		
	BSBWHS304		
	19-04-2017 - 10-11-2017		
	CUADIG301		
	19-04-2017 - 10-11-2017		
	CUADIG302		
19-04-2017 - 10-11-2017			
CUADIG304			
19-04-2017 - 10-11-2017			

You can now expand/collapse the view of the units your student is enrolled in.

VET General Student Groups

You are not required to create VET General Student groups. These are automatically imported overnight which align with the groups that they are allocated to in Campus Solutions. Along with the groups, the units the VET General Students are enrolled in will also be imported from Campus Solutions into ATOM.

You may find that some VET General Students are set up in more than one group. All groups that they are in will list on the main screen when you search for a student. See below:

<p>Multiple enrolments will now display if applicable</p>	VCALINT001	FCIVPTECH	15-02-2017 - 10-11-2017
	Active in Program		
	VCAL - Victorian Certificate of Applied Learning (Intermediate)		
	View VCALINT001 attendance Show 24 units		
	VCALFND001	FVFC	11-02-2016 - 11-11-2016
	Previous Qualification		
	VCAL - Victorian Certificate of Applied Learning (Foundation)		
	View VCALFND001 attendance Show 18 units		

Groups will be displayed against each relevant qualification

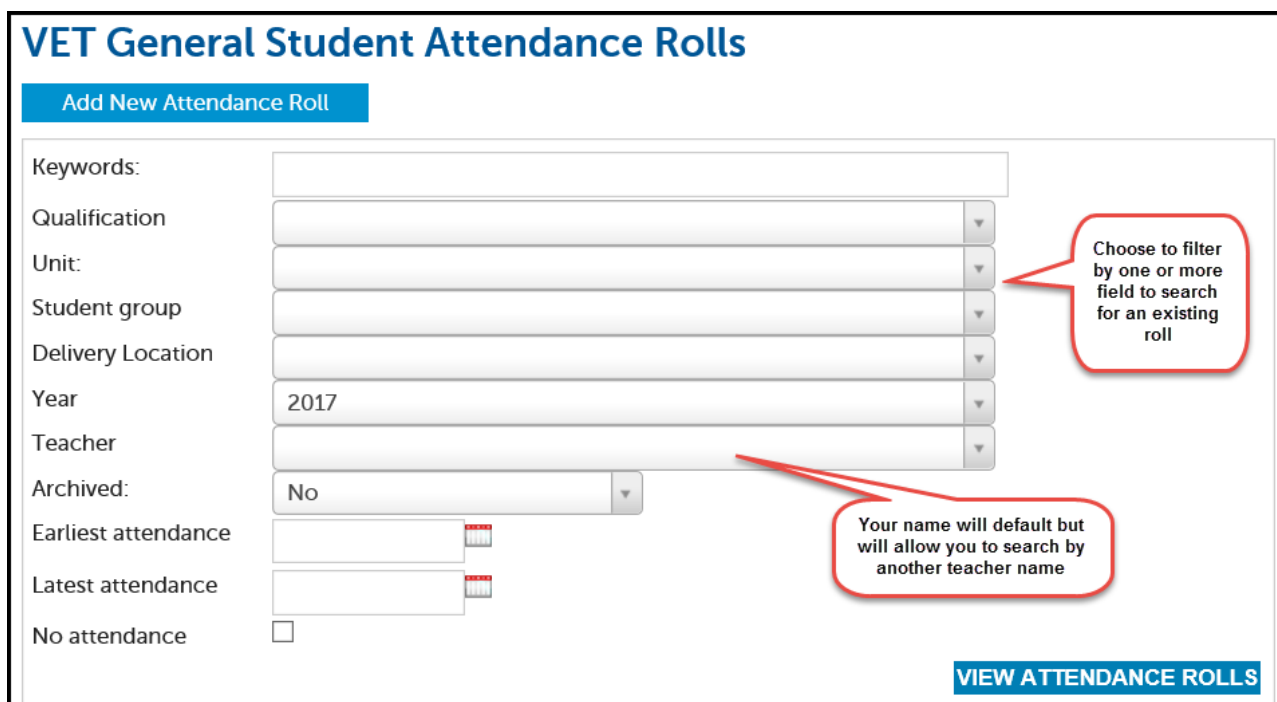

Attendance Rolls

To view an existing or to create a new Attendance Roll click on the Attendance Rolls tile from the main ATOM Dashboard:

Searching for an existing Attendance Roll

Use this screen to search for existing attendance rolls and to create new ones:

ATOM Attendance Roll User Guide For Teachers

When you have completed a search for an attendance roll, the screen will display like this:

Roll name	Group	Options
Graphic Design for Writers	PWE4-17	Record Attendance Edit
Introduction to Journalism	PWE4-17	Record Attendance Edit
Intro to journalism and non-fiction	PWE4-17	Record Attendance
Industry overview	PWE4-17	Record Attendance

This will list the attendance roll names

This will list the groups the students sit in

Use this button to record attendance for a specific roll

Use this if you need to add/remove a student from a roll

If you require your roll to be deleted you will need to submit a request to the ATOM inbox – you can do this by clicking on the Support tile located on the Dashboard. Please note an attendance roll will only be deleted if no attendance has ever been recorded in that roll.

[ADD ATTENDANCE ROLL](#)

Other Students

Student Search:

All fields need to be completed

See explanations on the next page on how to select students

ATOM Attendance Roll User Guide

For Teachers

Mandatory Fields:

Roll Name: This should clearly state a name that relates to the group. It is recommended that you decide as a department how you name your attendance rolls. Keep them consistent. For example 'Diploma of Nursing – 2017 students' **OR** 'Group A Nursing students 2017'

Year: A new attendance roll is required for each year. This field will default to the current year, however you can create a roll ready for the next year.

Qualification: Select the Qualification from the drop down menu (this will also list the Qualification code)

Student/Apprentice Group: General Student groups will automatically come across from Campus Solutions and Apprentice Groups are set up in ATOM. Select the relevant group from the drop down menu. When you have selected a group, the names that have been set up in the group will become available in a list for selection and will show their current status (Active/Cancelled/Completed). If a student is missing from this group it will most likely be due to their enrolment not yet being processed on Campus Solutions.

Delivery Location: Ararat/Camp St/Gillies St/Horsham/Maryborough/Mt Helen/Mt Rowan/SMB/Stawell/Other (free text field)

Delivery Method: Classroom Face to Face/Workplace/Blended

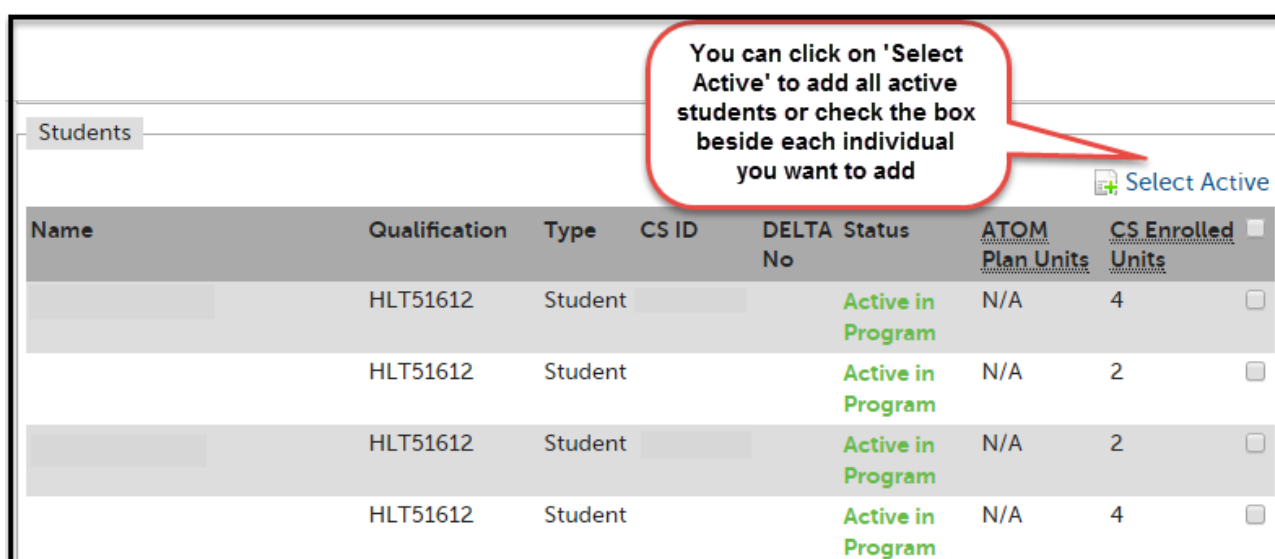

Selecting Students to add to a roll:

Select Active: This will select all students in the group who are Active

Select All/Deselect All: There is a tick box () next to the heading 'units' that will allow you to select/deselect all students on the list. If you deselect a student from the list to take out of the roll, they will still be available for re-selection when editing an attendance roll if you need to add them back in again (*please note: This does NOT include students that are not in the group that were added manually to the roll. They will need to be searched for again*)

Tick individually: Click on the tick box () next to the individual name

Search students individually: Enter the name (first name, surname or full name) into the 'Student Search' box and either press enter or click on search. It will display like this with both General Students and Apprentices listed:

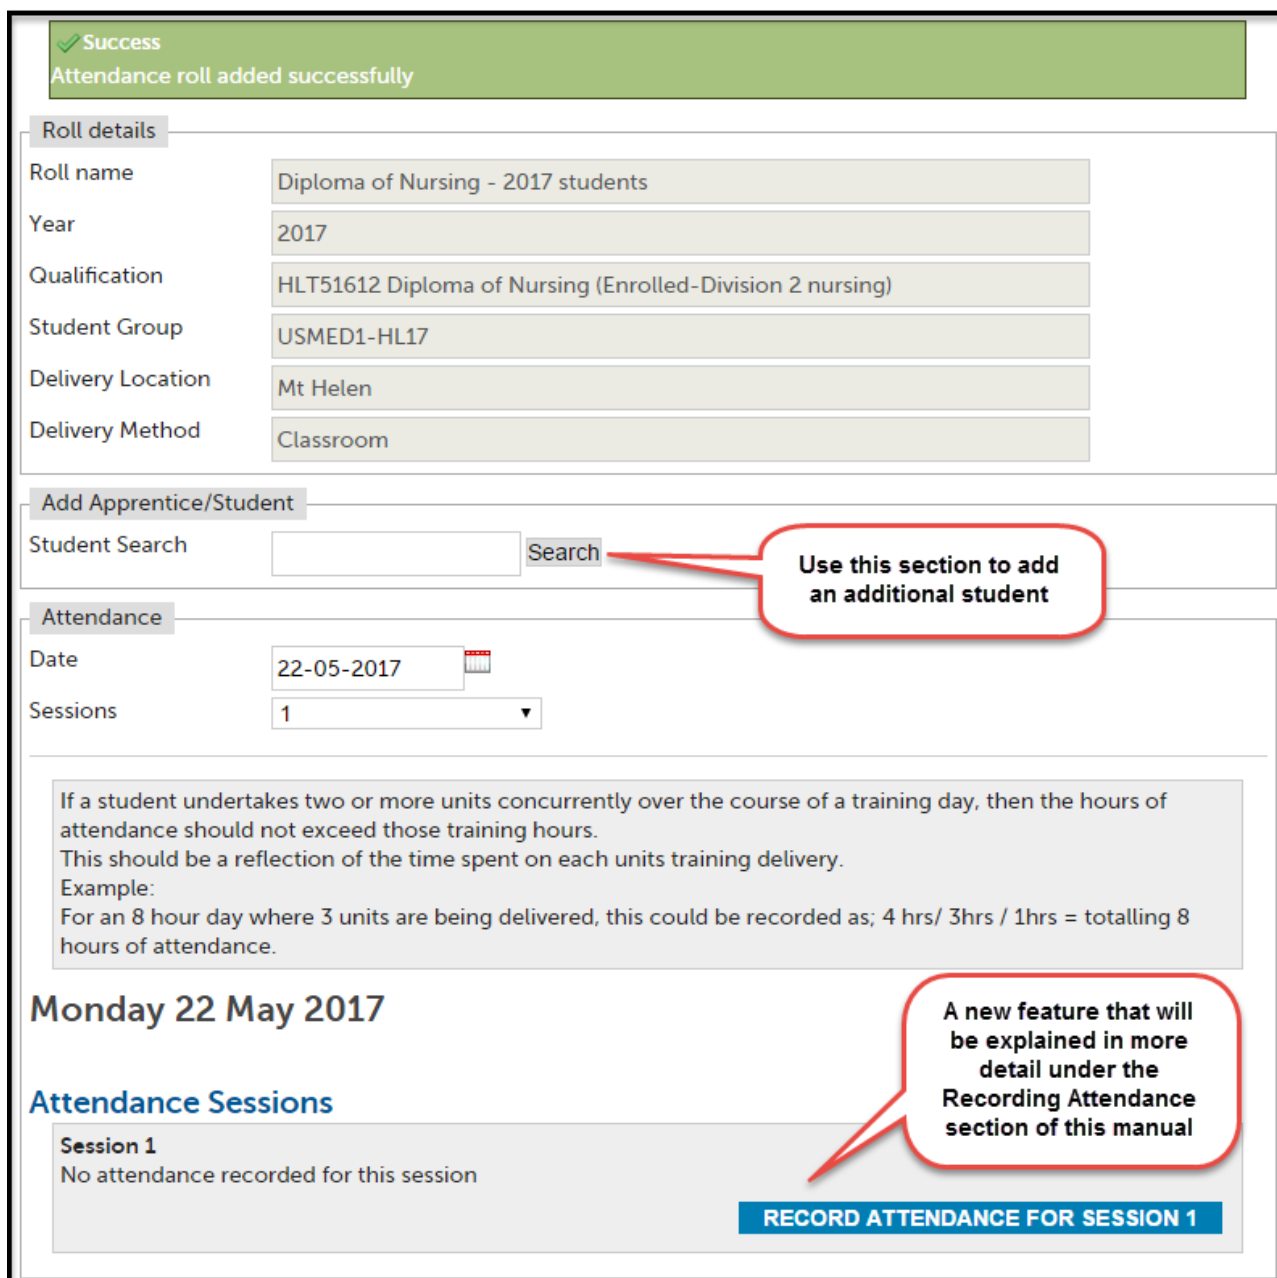

The screenshot shows a table with the following columns: Name, Qualification, Type, CS ID, DELTA No, Status, ATOM Plan Units, CS Enrolled Units, and a checkbox. A callout box points to the 'Select Active' button and the checkboxes in the table.

Name	Qualification	Type	CS ID	DELTA No	Status	ATOM Plan Units	CS Enrolled Units	<input type="checkbox"/>
	HLT51612	Student			Active in Program	N/A	4	<input type="checkbox"/>
	HLT51612	Student			Active in Program	N/A	2	<input type="checkbox"/>
	HLT51612	Student			Active in Program	N/A	2	<input type="checkbox"/>
	HLT51612	Student			Active in Program	N/A	4	<input type="checkbox"/>

ATOM Attendance Roll User Guide For Teachers

Once you are finished adding the students/apprentices, click on 'Add attendance roll'.

A green success banner will appear as well as opening your roll where you can commence recording your attendance.

Attendance

Date: 22-05-2017

Sessions: 1

If a student undertakes two or more units concurrently over the course of a training day, then the hours of attendance should not exceed those training hours.
This should be a reflection of the time spent on each units training delivery.
Example:
For an 8 hour day where 3 units are being delivered, this could be recorded as; 4 hrs/ 3hrs / 1hrs = totalling 8 hours of attendance.

Monday 22 May 2017

Attendance Sessions

Session 1 No attendance recorded for this session

RECORD ATTENDANCE FOR SESSION 1

Use this section to add an additional student

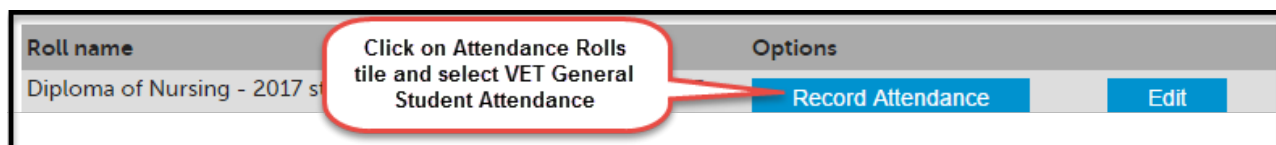

A new feature that will be explained in more detail under the Recording Attendance section of this manual

Rolls can be edited at any time. The roll details can only be edited by the original creator whilst any teacher can add additional students to the roll either here using the Add Apprentice/Student function above or when editing the attendance roll.

Session 1

Session type: 

Teacher:

P
 A
 PA
 AN
 NR

Select a unit to add or remove unit hours
[Apply units to all](#) | [Clear](#) | [Remove](#)

Notes:

P
 A
 PA
 AN
 NR

You have the option of choosing All day, Morning, Afternoon or Evening

Your name will automatically drop into this section and can not be changed.

If an error has been made you can use this selection to clear the attendance just for this student

**An attendance type must be chosen.
P = Present
A = Absent (no notification) PA = Partial Attendance
AN = Absent with Notification
NR = Not required**

If all students were working on the same unit for the day, after adding to the first student use this feature to copy all units and hours to all in the roll

If a student has withdrawn or cancelled and no longer attending classes you can use this option to remove the student from appearing in the roll from this point onwards

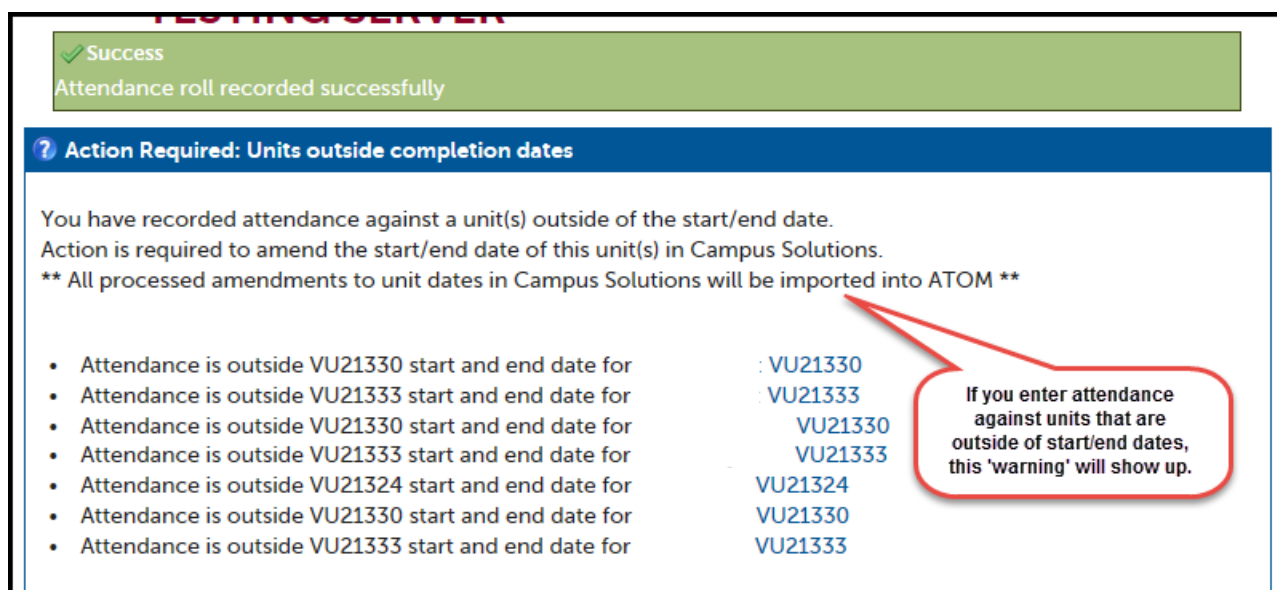

Notes can be used to track the progress of a student or to record why the student may have been late to class (e.g. Doctor's appointment)

ATOM Attendance Roll User Guide

For Teachers

- You can record attendance at any time during the day and change attendance from **Present/Absent** to **Partial Attendance**, should your student not return to class or arrive for half of the day only.
- If you are teaching a number of units for the whole day and some students do not attend all of the day you have the ability to record 0 hours against a unit when selecting **Partial Attendance**.
- **Units: General Students** – Only the units that the student is enrolled in on Campus Solutions will be listed and available for selection. The start and end dates will also display for each individual unit.
- Attendance history can be viewed from the roll for each student by selecting Attendance History under the status of the student on the roll (See 'Attendance History' section of this user guide).
- **NB:** Attendance can only be amended by the teacher who entered that attendance, for that particular session on that particular date – teachers no longer have the ability to amend other teacher's attendance entries or enter attendance on another teacher's behalf.

Once you have finished entering the attendance for all students, click on 'Record Session Attendance' at the bottom of the screen. You should expect to see a green 'success' banner:

The screenshot shows a green banner at the top with a checkmark icon and the text "Success Attendance roll recorded successfully". Below this is a blue banner with a question mark icon and the text "Action Required: Units outside completion dates". The main content area contains the following text:

You have recorded attendance against a unit(s) outside of the start/end date.
Action is required to amend the start/end date of this unit(s) in Campus Solutions.
** All processed amendments to unit dates in Campus Solutions will be imported into ATOM **

Below this text is a list of seven items, each consisting of a description of the error and the unit code:

- Attendance is outside VU21330 start and end date for : VU21330
- Attendance is outside VU21333 start and end date for : VU21333
- Attendance is outside VU21330 start and end date for VU21330
- Attendance is outside VU21333 start and end date for VU21333
- Attendance is outside VU21324 start and end date for VU21324
- Attendance is outside VU21330 start and end date for VU21330
- Attendance is outside VU21333 start and end date for VU21333

A red callout box with a speech bubble points to the list and contains the text: "If you enter attendance against units that are outside of start/end dates, this 'warning' will show up."

A red/orange alert will display if you have completed something incorrectly. Attendance will not save if you see a red/orange alert. You will need to fix the error and then click on the 'Record Session Attendance' button again. You should then see the green 'success' banner.

If you see the Blue Action Required alert as shown above this means that the attendance has been recorded but you need to follow up. This alert can arise if an amendment is required in Campus Solutions or if an incorrect unit was accidentally chosen. Please note each time this alert occurs an email is sent to the ATOM inbox which the Administrative Assistant – ATOM Support and Apprenticeship Compliance Officer monitors. If the alert is outstanding you may receive a phone call or an email requesting what follow up action you have taken.

ATOM Attendance Roll User Guide For Teachers

If more than one session is required.

If attendance has already been recorded in a roll you will see the screen display like this:

Attendance

Date: 22-05-2017

ADD ATTENDANCE ROLL

Other Apprentices

Student Search: Search

Mandatory Fields:

Roll Name: This should clearly state a name that relates to the group. It is recommended that you decide as a department how you name your attendance rolls. Keep them consistent. For example 'Tuesday Automotive group 2016' **OR** 'Group A Plumbing 2016'

Year: A new attendance roll is required for each year. This field will default to the current year, however you can create a roll ready for the next year.

Qualification: Select the Qualification from the drop down menu (this will also list the Qualification code)

Apprentice Group: Apprentice Groups are set up in ATOM and must be done prior to adding a new attendance roll. Select the relevant group from the drop down menu. When you have selected a group the names that have been set up in the group will become available in a list for selection and will show their current status (Active/Cancelled/ Completed).

Delivery Location: Ararat/ Gillies Street/ Horsham/ Maryborough/ Mt Helen/ Mt Rowan/ SMB/ Stawell? OTHER_free text field)

Delivery Method: Classroom Face to Face/ Workplace/ Blended

ATOM Attendance Roll User Guide

For Teachers

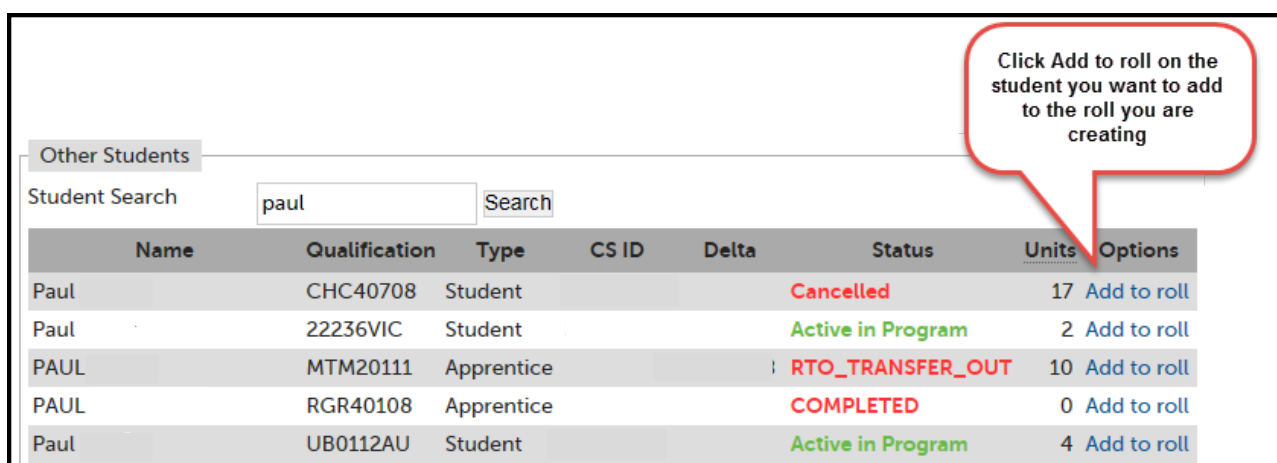

Selecting Apprentices to add to a roll:

Select Active: This will select all apprentices/students in the group who are Active

Select All/Deselect All: There is a tick box () next to the heading 'Units' that will allow you to select/deselect all apprentices on the list. If you deselect an apprentice from the list to take out of the roll, they will be available for re-selection when editing an attendance roll if you need to add them back in again (please note: This does NOT include apprentices that are not in the group that were added manually to the roll. They will need to be searched for again)

Tick individually: Click on the tick box () next to the individual name

Search apprentices individually: Enter the name (first name, surname or full name) into the 'Student Search' box and either press enter or click on search.

Other Students

Student Search:

Name	Qualification	Type	CS ID	Delta	Status	Units	Options
Paul	CHC40708	Student			Cancelled	17	Add to roll
Paul	22236VIC	Student			Active in Program	2	Add to roll
PAUL	MTM20111	Apprentice			RTO_TRANSFER_OUT	10	Add to roll
PAUL	RGR40108	Apprentice			COMPLETED	0	Add to roll
Paul	UB0112AU	Student			Active in Program	4	Add to roll

Click Add to roll on the student you want to add to the roll you are creating

Once you are finished adding the apprentices, click on 'Add attendance roll'.

A green success banner will appear as well as opening your roll where you can commence recording your attendance as shown on the next page.

Attendance

Date

Sessions

If a student undertakes two or more units concurrently over the course of a training day, then the hours of attendance should not exceed those training hours.
This should be a reflection of the time spent on each units training delivery.
Example:
For an 8 hour day where 3 units are being delivered, this could be recorded as; 4 hrs/ 3hrs / 1hrs = totalling 8 hours of attendance.

Tuesday 27 June 2017

Attendance Sessions

Session 1
No attendance recorded for this session

RECORD ATTENDANCE FOR SESSION 1

A new feature that will be explained in more detail under Recording Attendance

Rolls can be edited at any time. The roll details can only be edited by the original creator whilst any teacher can add additional apprentices to the roll either when editing the roll or by using the Add Apprentice/Student function when recording attendance (see section on recording attendance).

ATOM Attendance Roll User Guide For Teachers

Recording Attendance:

Go back to the main attendance search screen to find your attendance roll.

Roll name	Group	Options
<input type="checkbox"/> AFG-ME-17	AFG-ME-17	Record Attendance Edit

Click this button to start recording your attendance

Roll details

Roll name: AFG-ME-17
Year: 2017
Qualification: MEM30305 Certificate III in Engineering - Fabrication Trade
Apprentice Group: AFG-ME-17
Delivery Location: SMB
Delivery Method: Blended

The Roll Details Section drops all the information you entered at the time of creating your attendance roll

You can use this section to add an additional student/apprentice

Attendance

Date: 27-06-2017

Sessions: 1

The date will default to today's date. To change click on the calendar icon

Teacher's now have the ability to record individual sessions - if a student has 2 teachers in one day it allows for each to record their own separate session.

If a student attends concurrently over the course of a training day, then the hours of attendance should be recorded on each units training delivery. Example: For an 8 hour day where 3 units are being delivered, this could be recorded as; 4 hrs/ 3hrs / 1hrs = totalling 8 hours of attendance.

[RECORD ATTENDANCE FOR SESSION 1](#)

Click on the blue 'Record Attendance for Session 1' button:

ATOM Attendance Roll User Guide For Teachers

The following screen will appear:

The screenshot shows the 'Attendance' screen for Tuesday 27 June 2017, Session 1. It includes a date and session selector, a text box with instructions on recording concurrent units, and a main area for recording attendance. Callouts provide the following information:

- Session type:** You have the option of choosing All day, Morning, Afternoon or Evening.
- Teacher:** The teacher's name will automatically drop into this section.
- Attendance History:** If an error has been made you can use this selection to clear the attendance just for this apprentice.
- Buttons:** An attendance type must be chosen. P = Present, A = Absent (no notification), PA = Partial Attendance, AN = Absent with Notification, NR = Not Required.
- Apply units to all:** If all apprentices were working on the same unit for the day, after adding to the first apprentice you can use this feature to copy all units and hours to the remaining.
- Remove:** If an apprentice is no longer attending classes you can use this option to completely remove them from the roll. This does not remove any attendance recorded prior.
- Notes:** Notes can be used to track the progress of a student or to record details if the student was late etc.

- You can record attendance at any time during the day and change attendance from **Present/Absent** to **Partial Attendance**, should your student not return to class or arrive for half of the day only.
- Units:** All units linked to the Apprentice Training plan in ATOM will list in the unit drop down menu. Unit start and end dates will now display beside those units that the apprentice is currently enrolled on Campus Solutions in a section labelled Current Unit Enrolments as at (today's date) provided that the correct CS ID has been saved in Part 1 of the Training Plan.

ATOM Attendance Roll User Guide

For Teachers

- Attendance history can be viewed from this roll for each student by selecting Attendance History under the DELTA/CS ID number and status of the student on the roll (See 'Attendance History' section of this user guide).
- **NB:** If attendance needs to be amended then this can only be amended by the teacher who entered that attendance, for that particular session on that particular date – teachers can no longer have the ability to amend other teacher's attendance entries or enter attendance on another teacher's behalf.

Once you have finished entering the attendance for all students, click on 'Record Session Attendance' at the bottom of the screen. You should expect to see a green 'success' banner:

The screenshot shows a green banner at the top with a checkmark icon and the text "Success Attendance roll recorded successfully". Below this is a blue banner with a question mark icon and the text "Action Required: Units outside completion dates". The main content area contains the following text: "You have recorded attendance against a unit(s) outside of the start/end date. Action is required to amend the start/end date of this unit(s) in Campus Solutions. ** All processed amendments to unit dates in Campus Solutions will be imported into ATOM **". Below this is a list of six items, each with a bullet point and a unit ID. A red callout box points to the list with the text: "If you enter attendance against units that are outside of start/end dates, this 'warning' will show up."

• Attendance is outside VU21330 start and end date for	VU21330
• Attendance is outside VU21333 start and end date for	VU21333
• Attendance is outside VU21330 start and end date for	: VU21330
• Attendance is outside VU21333 start and end date for	: VU21333
• Attendance is outside VU21324 start and end date for	VU21324
• Attendance is outside VU21330 start and end date for	VU21330
• Attendance is outside VU21333 start and end date for	VU21333

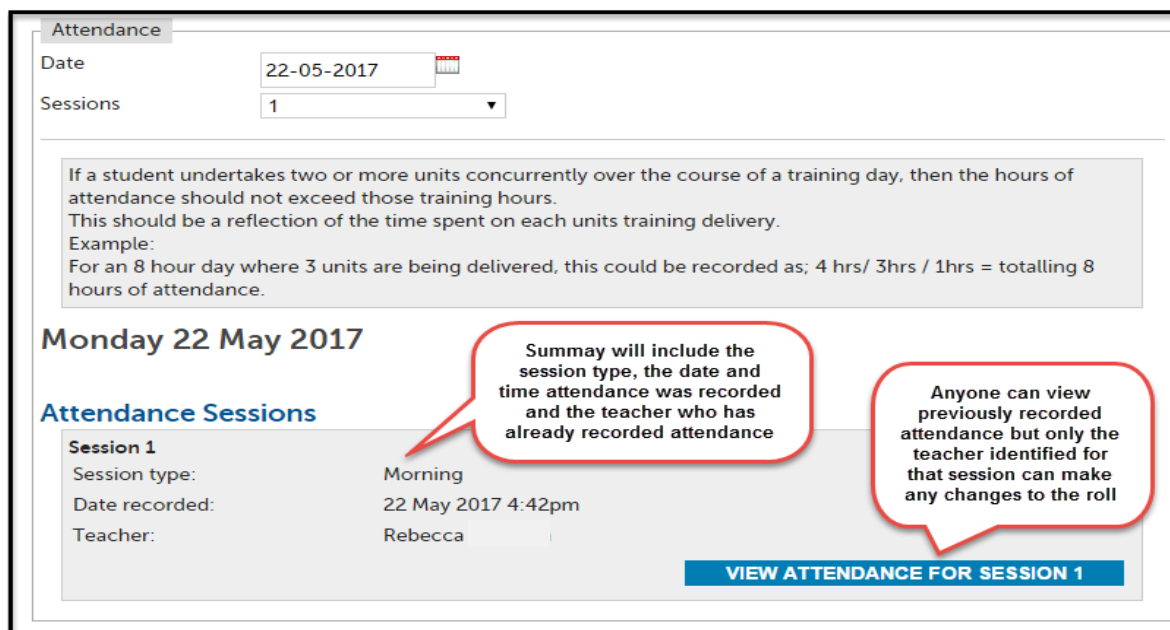

A red/orange alert will display if you have completed something incorrectly. Attendance will not save if you see a red/orange alert. You will need to fix the error and then click on the 'Record Attendance' button again. You should then see the green 'success' banner.

If you see the Blue Action Required alert as shown above this means that the attendance has been recorded but you need to follow up. This alert can arise if an amendment is required in Campus Solutions or if an incorrect unit was accidentally chosen. Please note an email is sent to the ATOM inbox each time this alert occurs which the Administrative Assistant – ATOM Support and Apprenticeship Compliance Officer monitors. If the alert is outstanding you may receive a phone call or an email requesting what follow up action you have taken.

ATOM Attendance Roll User Guide For Teachers

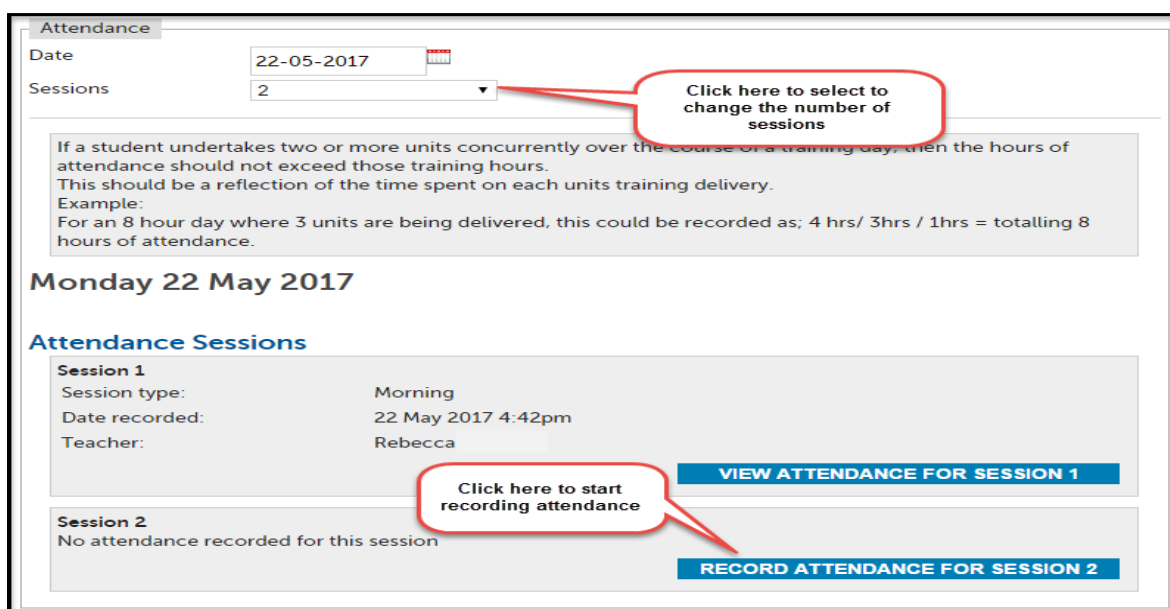

If more than one session is required.

If attendance has already been recorded in a roll you will see the screen display like this:

The screenshot shows the 'Attendance' page for the date 22-05-2017 and session 1. A text box explains that if a student undertakes two or more units concurrently, the total hours of attendance should not exceed the training hours. Below this, the date 'Monday 22 May 2017' is displayed. Under 'Attendance Sessions', 'Session 1' is listed with details: Session type: Morning, Date recorded: 22 May 2017 4:42pm, and Teacher: Rebecca. A blue button labeled 'VIEW ATTENDANCE FOR SESSION 1' is at the bottom right. Two red callout boxes provide additional information: one points to the session details stating 'Summary will include the session type, the date and time attendance was recorded and the teacher who has already recorded attendance', and another points to the 'VIEW ATTENDANCE FOR SESSION 1' button stating 'Anyone can view previously recorded attendance but only the teacher identified for that session can make any changes to the roll'.

To create an additional session simply click on the drop down next to sessions and change to 2 and then click on Record Attendance for Session 2.

The screenshot shows the 'Attendance' page for the date 22-05-2017 and session 2. The same explanatory text box is present. Below the date, 'Attendance Sessions' are listed. 'Session 1' details are shown with a blue button 'VIEW ATTENDANCE FOR SESSION 1'. 'Session 2' is listed with the text 'No attendance recorded for this session' and a blue button 'RECORD ATTENDANCE FOR SESSION 2'. A red callout box points to the 'Sessions' dropdown menu (set to 2) with the text 'Click here to select to change the number of sessions'. Another red callout box points to the 'RECORD ATTENDANCE FOR SESSION 2' button with the text 'Click here to start recording attendance'.

You can now follow the steps for 'Recording Attendance'.

Definitions and Acronyms

ATOM	Apprenticeship Trainee Online Management
ASQA	Australian Skills Quality Authority
CS	Campus Solutions. The Federation University's student management system
Group	A defined group of students. A group is used to manage and track course delivery to these students. Campus Solutions issues a unique ID identifier to each group
HESG	Higher Education and Skills Group (formerly Skills Victoria)
RTO Registered Training Organisation	Training organisation registered by a registering body (e.g. HESG) in accordance with the Australian Skills Quality Agency, within a defined scope of programs

Important Information

- All VET teachers are required to use ATOM to enter/record attendance for all VET General Students and VET Apprentices
- A student signature is not required on the attendance roll
- A teacher signature is not required on the attendance roll. Your acceptance of the 'ATOM Conditions of Use' and your individual staff login, is your endorsement
- ATOM training (new users & refresher training) is run throughout each year. Please refer to http://webapps.federation.edu.au/apps/ict_training/ for a full list of available training sessions
- Assistance/queries (ATOM system related)
 - Forward your query from Outlook by sending an email to atom@federation.edu.au
 - Forward your query from ATOM by going to the dashboard and clicking on the Support tile
