

International Course Summary 2025

At Federation we're in it with you, breaking down educational barriers to accelerate your progress. Here no one is left behind – from our students to industry and regional communities, we've got your back.

Our education pathways, scholarships and grants get you into our classrooms sooner, creating a diverse and welcoming campus community. Our unique courses are created in consultation with industry, helping students gain superior knowledge, credentials and skills. Study here and become a global learner with access to support networks, jobs and everything you need to become more than career ready.

With renowned educational experience from our 1870 beginnings, we now have over 18,700 domestic and international students and 125,000 alumni across Australia and the world.

Acknowledgement of Country

Federation University Australia acknowledges the Traditional Custodians of the lands and waters where our campuses, centres and field stations are located. We pay respects to Elders past and present. We extend this respect to all Aboriginal and Torres Strait Islander and First Nations Peoples.

The Aboriginal Traditional Custodians of the lands and waters where our campuses, centres and field stations are located include:

Wimmera	Wotjobaluk, Jaadwa, Jadawadjali, Wergaia, Jupagulk
Ballarat	Wadawurrung
Berwick	Boon Wurrung
Gippsland	Gunai Kurnai
Nanya Station	Mutthi Mutthi and Barkindji

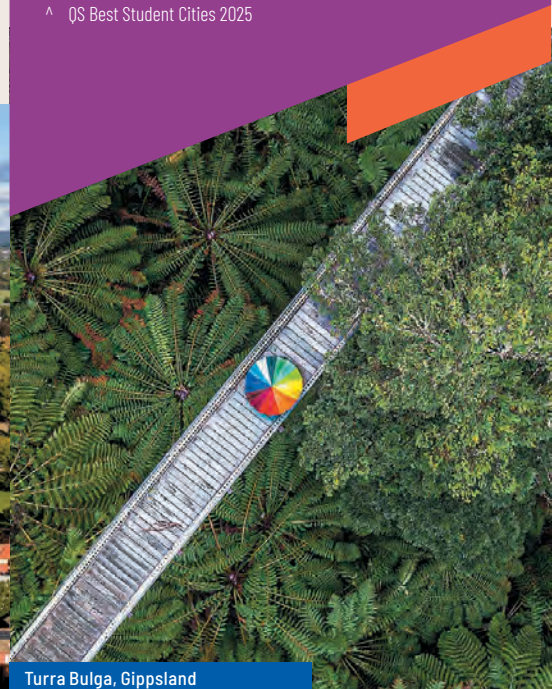

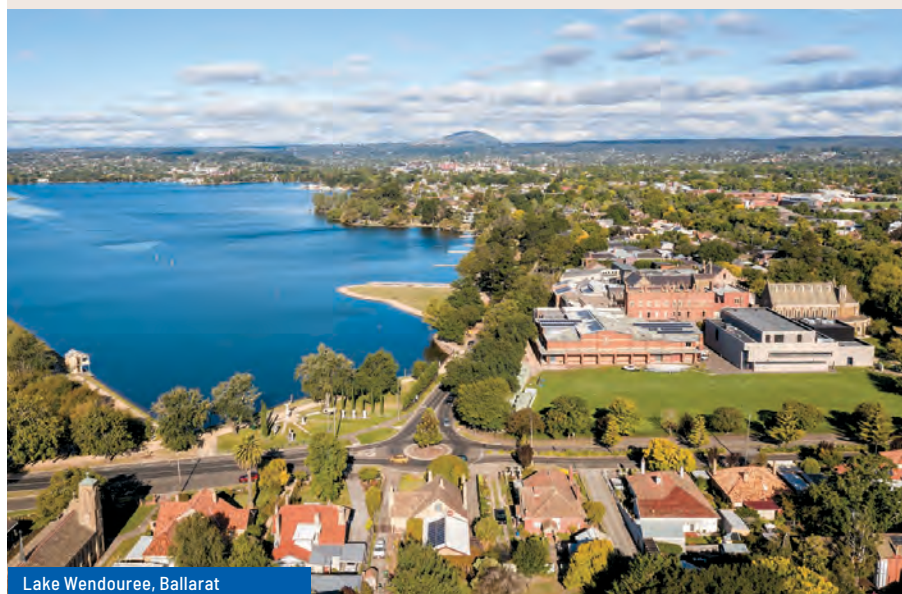

Your ideal campus and community

Feel comfortable where you're studying and part of our inclusive community.

For some, that starts with a warm welcome from your student mentor at Orientation Week or a course lecturer that knows you by name (for good reasons, we promise).

With multiple campuses stretching across Victoria, the hardest decision you'll have to make is which location is right for you. Discover the energy, picturesque surroundings, and worldly heritage of our regional campuses in Ballarat or Gippsland. Or find yourself among Melbourne's eclectic laneways when you choose to study nearby at Berwick Campus.

Wherever you choose to study, you will connect with people from all walks of life, and we will be there guiding you every step of the way.

Accelerate your career through Co-op

We're making paid work placements a reality and preparing all students for future employment through our Co-operative education model (Co-op). Based on extensive research and consultation with regional industry, Co-op will accelerate your career, placing you at the heart of education and industry.

Job ready graduates

We're turning study days into pay days. Through Co-op, you won't just finish your course with theoretical knowledge – you'll have first-hand industry experience and feel confident to make the leap from study to employment.

How it works

Studying a Federation Co-op course means you'll complete paid work experience as part of your course. Our undergrad Co-op courses feature 60 days (or 450 hours) of paid placement while postgrad courses include 30 days (or 225 hours).

With flexible options to complete your placement – either full-time over one semester or part-time over the duration of your degree, we will arrange the placement for you through our network of industry partners. Students can access two forms of paid Co-op placement:

- Undertake a placement with an industry partner
- Join a project team consulting with industry to solve a real-world employer problem.

Our Careers and Employability teams will be with you every step of the way, supporting you through the recruitment process too.

The best part? Co-op is part of your degree, so even while you're on paid placement, you can keep working in your casual or part-time job, as your student visa allowable working hours aren't impacted.

Learn more at [federation.edu.au/co-op](https://www.federation.edu.au/co-op)

“Through Federation’s co-operative placements model, I secured a 60-day placement with a leading Australian steel manufacturing company. This placement has been instrumental in providing me hands-on experience in the manufacturing sector, bridging the gap between theoretical knowledge and practical application. The industry experiences I have gained throughout this course have not only equipped me with practical skills but also exposed me to the workings of multinational companies, preparing me to be a globally renowned engineer.”

Sydney, Zimbabwe
Bachelor of Engineering
(Mechanical) (Honours)

Our Co-op degrees have paid industry placements (hello salary!)

Co-operative Experiential Learning courses 2025

Check out the wide range of Co-op degrees available including Business, Accounting, Engineering and Information Technology. Between now and the end of 2025 we will continue to embed Co-op across our suite of courses.

Alternative entry options

Our pathways mean no one gets left behind, making University accessible for all.

If you haven't met the entry requirements for your dream course, don't worry. With a range of pathway courses now available, you can be studying at Federation sooner than you think.

English for Academic Purposes

(CRICOS CODE 113565A)

Begin an exciting journey with our English courses. As the national language of Australia, English is a key asset for unlocking success in your academic, professional, and personal pursuits. In these courses you'll perfect your skills in grammar, writing, reading, speaking and listening as well as study literature and elements of Australia's culture.

This course is suitable for students needing to meet the equivalent of an IELTS 6.0 overall (with no band less than 6.0), IELTS 6.5 overall (with no band less than 6.0) or IELTS 7.0 overall (with no band less than 6.5) to commence study.

Higher Education Diplomas

Build a strong foundation for further studies with a Higher Education Diploma pathway. Our Diploma pathway courses include the first eight units from the first year of select undergraduate degrees in Business, Engineering, Health and Information Technology. You will learn about the latest research and advances while honing your English and academic skills. Graduates will have a solid grasp of the foundational topics needed to succeed in their field and may jump straight into the second year of eligible undergraduate courses.

“I love my course – all of the subjects are very hands-on. They teach us how to treat various scenarios and solve them using different theoretical applications. We have opportunities to practice with real-life scenarios during class where we are encouraged to share our ideas and different cultural perspectives.

I have completed two placements and it’s been a great experience. Federation University was very helpful to find a centre for me that was close to home so that I didn’t have to commute too far.”

Itunu, Nigeria

“I’m pursuing nursing as my career as I love helping people. Federation University has contact with many hospitals to provide us placement and they give us a lot of support to improve our skills in specialist labs on campus too.

We do practicals where we learn with realistic and modern dummies that have a pulse, breathe and act like a genuine patient. The whole experience replicates that of a hospital setting which allows us to take notes and receive feedback from our lecturers.”

Rhythm, India

Research that shapes lives

Make valuable contributions to your field of expertise by studying a Higher Degree by Research (PhD or Masters) with Federation.

Our Graduate Research School provides a firm base for the development of research capacity and guidance for research post-graduate students who, like us, are keen to transform lives and enhance communities. Working across our six centres of collaborative and intensive research endeavour, you'll also harness the technology and expertise of these 'ideas' incubators to apply world-class research to real-world challenges, both regionally and globally.

Pursuing research studies with Federation's Graduate Research School offers you:

- **Collaboration** with academic staff who work alongside you and supervise you. Be mentored by a multidisciplinary group of esteemed academics who attract significant research funding and produce quality research outcomes.
- **Professional development and connections** – we focus on employability, deepening your connection to industry and future employment opportunities worldwide.
- **Authentic industry engagement** – our new Co-operative model ethos combines campus-based learning with genuine workplace experiences.
- **Scholarships and funding opportunities to help you start** – visit our website to learn more and view available HDR scholarships.

Supported to succeed

With small class sizes and accessible teachers who know you by name, we're committed to giving you the best educational experience.

Support that never stops

Our free, expert services provide all students with support, engagement, and community links from before you arrive until the day you graduate. If you ever have questions or problems and you don't know who to speak to, we provide individualised support to help you overcome challenges and access other services.

Discover our student-focused support programs such as FedReady, ASK and Peer Mentors; or access additional resources including our Aboriginal Education Centre, chaplaincy, counselling, disability, medical or mental health support, libraries, student advocacy and student careers and employment.

Have a question? Visit the Student HQ or InfoPoint on your campus, or chat with us online. [federation.edu.au/contact-us](https://www.federation.edu.au/contact-us)

“The University provided me with helpful guidance and support before my journey to Australia and since arriving.

Student Support sent me emails and organised online sessions on various topics such as reading academic articles, writing essays, and how to use University systems. They even organised a pick-up service from the airport for me so that I didn't have to worry about finding my own way to Ballarat.

Since arriving, I have connected with the Careers and Employability team and received learning support from Peer Mentors and Learning Skills Advisors, which has helped me become more confident in my studies.”

“My degree included extensive internships at IBM offices in the Ballarat Technology Park. I spent one semester each year working at IBM and received a scholarship to support my living costs.

The whole course was amazing! The teachers at Federation were so enthusiastic, caring and warm, and I was able to put all the skills and knowledge I learned at the University into practice at IBM.

At Federation University, I was able to make friends with people from all over the world. I love living in regional Australia because it is very relaxing, and I really feel part of the community. Ballarat is a very beautiful city with friendly people and lots of entertainment and things to do.

I now work as a full-time business analyst and application developer at IBM. Working for a company like IBM has been my dream since I was a child and Federation University gave me a wonderful opportunity and made that dream come true.”

Trong, Vietnam

Bachelor of Information Technology (Professional Practice)

Imagine yourself living on campus

Safe, welcoming, close to campus and supported by our residential wellbeing team – that's FedLiving.

Whether studying at Ballarat, Berwick or Gippsland Campus, you will find our accommodation options make you feel right at home. Living in residential accommodation means you will connect with people from a range of backgrounds, cultures and courses. Our dedicated residential teams prioritise your wellbeing to support you in your academic, social and personal pursuits too. That's why our research shows students who in on-campus are more likely to be successful in their studies and transition to university life.

Create new friends and lifelong memories in our thriving and inclusive residential community.

Living on-campus is a great option, especially for your first year.

“As an international student moving away from home was a huge step, yet living in a space that provides the necessary amenities has helped make the move more seamless, creating a positive impact on my student life.”

“Living on campus means I can be punctual for my classes and have quick access to library resources, a 24-hour study space, a fully functional cafeteria all in one compound. However, in my opinion being surrounded by lush greenery would top the list of benefits.”

Karthy, Sri Lanka
Bachelor of Education
(Early Childhood Education)

Important information

Overseas Student Health Cover

Students must have Overseas Student Health Cover (OSHC) before a student visa can be granted. Refer to your offer letter for information on how the University can purchase health cover on your behalf, through Bupa Australia Health.

If you wish to purchase your OSHC through another provider, please advise the International Admissions team of your membership details. Your OSHC must cover your whole student visa period, and you must not arrive in Australia before the OSHC start date. A full list of fees and information regarding coverage and exclusion is available at the website below.

oshcaustralia.com.au

International student fees

Course fees for tuition in this guide apply to international students commencing studies on-campus in Australia in 2025 only. The fees listed are an annual amount, and they are based on a standard study load per year. Any variation to the study load will result in an adjustment to tuition fees. All fees are subject to annual review and may be adjusted.

Course tuition fees cover the full cost of tuition but exclude cost of living (housing and food), medical insurance, textbooks, entertainment, and non-compulsory course expenses.

Non-tuition fees listed on the administrative fees and charges website may be applied if relevant. These fees are subject to change.

federation.edu.au/fees

Your rights and responsibilities

The Educational Services for Overseas Students (ESOS) Act regulates the education and training sector's involvement with overseas students studying in Australia on student visas.

internationaleducation.gov.au

Cost of living

The cost of living will vary according to lifestyle and location. It is generally more affordable living in a regional area such as Ballarat or Gippsland due to lower accommodation costs, compared to living in a major city. The Australian Government indicates the cost of living for 12 months is \$29,710.*

Students are encouraged to prepare a budget factoring in additional expenses such as tuition fees, Overseas Student Health Cover, groceries, transport, phone and internet, and other study expenses.

Prospective students must have completed a 3-year Australian bachelor degree, or overseas equivalent. Some courses may have additional specific entry requirements.

« Scan to view country-specific academic entry requirements and accepted English language proficiency tests.

English Language requirements

To assist all students to succeed academically, Federation University courses have a minimum English language proficiency entry requirement. International applicants must meet the minimum English language requirements for entry into their chosen Federation University course.

Applicants need to provide one of the below forms of evidence to demonstrate their English Language proficiency:

- **Approved English language test**

or

- **Non-test evidence**

- | Evidence of successful completion of an approved English language pathway course
- | Prior study in Australia or a recognised English-speaking country, including but not limited to Canada, Ireland, New Zealand, South Africa, United Kingdom, and the USA
- | Prior study within the last 2 years at a recognised institution, or within a recognised qualification

« Scan to view the academic, English language and additional entry requirements for your specific course on Course Finder.

Your next steps

Whether you're applying directly or via an agent, just follow these simple steps

Step 1

Find your course

Find the Federation University course you wish to study

- For undergraduate and postgraduate courses visit [federation.edu.au/study](https://www.federation.edu.au/study)
- Check you meet the academic entry requirements
- Check you meet the English language requirements
- Check for any essential requirements that you need to complete in addition to your application.

Essential requirements may include auditions, tests or interviews.

Step 2

Apply

- International students or their agents must apply through the StudyLink online application system
Visit [federation.edu.au/international/study-at-federation/apply](https://www.federation.edu.au/international/study-at-federation/apply)
- Follow the instructions and ensure you have attached all relevant supporting documents.
- Details of documentation required is available at [federation.edu.au/international/prepare](https://www.federation.edu.au/international/prepare)

Note: Be aware of cut off dates.

Step 3

Assessment

Your application will be assessed by our team

- English language requirements
- Academic entry requirements
- Scholarships

Step 4

Offer made

Congratulations!

You will be sent an International Student Offer and Acceptance Pack that includes:

- Letter of Offer
- Information for accepting your offer
- GS and/or financial assessment forms*

Refer [federation.edu.au/SSVF](https://www.federation.edu.au/SSVF) for more information.

*International students may be required to complete a pre-visa screening process as a condition of their offer under the requirements of the Simplified Student Visa Framework (SSVF). The requirements will depend on a number of factors.

Step 5

Acceptance and payment

Once you have provided all documentation and met all conditions, sign the acceptance of your offer letter and pay the required fees.

We will then issue you with an electronic Confirmation of Enrolment (CoE).

Note: Payments to Federation must be made via Convera GlobalPay through your StudyLink application.

Step 6

Visa application with CoE

You will need your CoE to apply for your Australian student visa.

More information on the visa application process is available at [immi.homeaffairs.gov.au](https://www.immi.homeaffairs.gov.au)

Note: Make sure you plan in advance to get your visa in time.

Step 7

Prepare to arrive

We will send you an International Student Support Guide to help you understand what to expect.

Flights

Make sure you arrive in time to attend the compulsory International Student Orientation Program that is held in the weeks before semester commences.

Accommodation

Check out the offers from FedLiving – on-campus accommodation in Ballarat, Berwick and Gippsland.
