

Quizzes in Moodle

Creating a Quiz

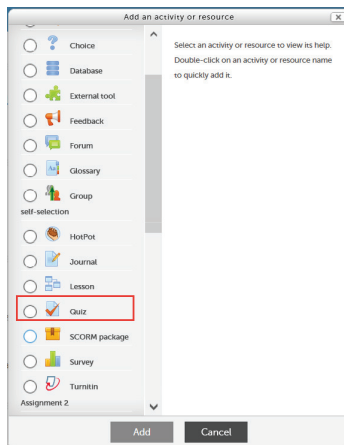

1. Go to your course in Moodle.
2. In your course, **Turn editing on** in the top right hand corner in the navigation bar.

3. Under your chosen topic areas where you want the quiz to go click **Add an activity or resource**.

+ Add an activity or resource

4. Under the Add activity or resources menu click **Quiz**.

5. Give your quiz a **Name**.

Name*

6. Under **Timing** choose when you would like the quiz **open** and **closed** for using the date/time selector and how long you want the quiz attempt **Time limit** to be.

▼ Timing

Open the quiz ① 11 December 2017 08 45 Enable

Close the quiz ① 11 December 2017 08 45 Enable

Time limit ① 0 minutes Enable

When time expires ① Open attempts are submitted automatically ▼

Submission grace period ① 1 days Enable

7. Under the **Grade** section choose how many attempts are allowed.

<input type="checkbox"/> Overall feedback [?]	<input checked="" type="checkbox"/> Overall feedback	<input checked="" type="checkbox"/> Overall feedback	<input type="checkbox"/> Overall feedback

The Attempt – Whether the student review the attempt

Whether correct – Displays to the student whether the answer that have provided is correct or not.

Marks – The points the student has received for the individual question.

Specific Feedback – Feedback provided to students based on a correct or incorrect answer.

General Feedback – Provided feedback relating to the individual question to help students understand why they got the answer right or wrong.

Right Answer – Indicates out of all the possible answers which one is correct.

Overall Feedback – Feedback provided relating to the overall quiz not just an individual question

10. Go to the bottom of the page and click on **Save and display**.

Adding Questions to a Quiz

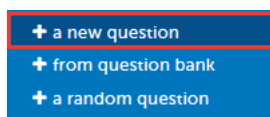

1. Click **Edit quiz** to insert questions into the quiz.

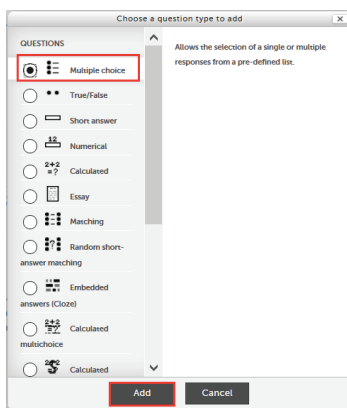

2. Click **Add**

3. Click **+ a new question**

Click on a question type and click **Add**. The default type to choose is Multiple choice.

Note: Media may be embedded through the use of links or Kaltura video and also put into questions or question feedback.

Fill out the required information on that question type, required is indicated by a red asterisk * and click **Save**

Your question should now be added:

You will notice how many marks your question is out of and how many marks your quiz is set to. Moodle will automatically scale how much questions are worth to be out of the quiz total. Eg. 5 questions worth 1 mark out of a quiz set to 10 marks will scale to be worth 2 marks each in the calculation. You can adjust question values with the pencil tool next to the value then enter the new value and hit Enter. You may also change the quiz's value by changing the value in the box and clicking **Save**

Add

Providing overrides for students/groups with special considerations

With quizzes you are able to provide overrides on one or more students to adjust opening date/time, close date/time, time allocation during the quiz and number of attempts allowed.

1. Open your **quiz** in your course
2. Click the Individual blue **cog/gear**
3. Select either **user** or **group** overrides

4. Click **Add user override**

Test Quiz

Add user override

5. Insert a user's **name** and adjust the relevant settings, be sure to adjust **attempts allowed** to 2 if they have already had one attempt.
