

## Coronavirus response - Federation University Australia

Friday 24 July 2020

Dear Student,

A staff member at Federation University's Wimmera Campus this week tested positive for coronavirus.

Although most studies have been online and most staff have been working from home, the campus is closed for deep cleaning and all Wimmera-based staff, students and stakeholders have been informed. The university has notified the Victorian Department of Health and Human Services (DHHS) for contact tracing.

This is a timely reminder to all of us to stay at home if unwell, to get tested if you show any symptoms and download the [COVIDSafe app](#).

Please visit the [DHHS website](#) for information on how to stay safe, symptoms and testing locations, as well as the current restriction levels in Victoria.

On behalf of the COVID-19 Transition Control Group
