### Interview application form:

The supplementary interview application form is an essential requirement for VTAC and direct applicants. You will be required to submit the following additional information with the form:

- **Curriculum Vitae (CV)** or resume (optional).
- **Upload a single PDF file that contains multiple images** (up to 10 images), which may include 2D or 3D artworks or pages from your journal/sketchbook.
- **To create a single combined/images PDF file**, use a Scanner App such as 'Genius Scan' or equivalent [thegrizzllylabs.com/genius-scan/](https://thegrizzllylabs.com/genius-scan/)
- **One example of your best writing** (either academic or creative).

### Preparing for your interview:

As part of the application process for our Visual Art program, you will be invited to attend a short **interview** lasting approximately 10 to 15 minutes.

During the interview, you'll be asked to **present a well-rounded folio** showcasing your creative work across a range of media. The selection panel is keen to learn about your motivations for studying visual art and to view work that reflects your ability to develop and explore ideas.

**Your folio should demonstrate your creative strengths and artistic potential.** We're looking for qualities such as originality, imagination, innovation, experimentation, and technical competence in core visual art skills. Be sure to include **examples of your drawing abilities** and, where relevant, any visual journals or sketchbooks that provide insight into your creative process.

We also encourage you to attend our **optional Folio Development Workshop**.
