

Skills First Foundation Skills Approved Provider List Step 3 - Training Provider Checklist

This document has been prepared to assist Training Providers:

- not currently on the Approved Provider List and considering an application to be an Approved Provider of government subsidised foundation skills training under Skills First from 2022; or
- wishing to add an extra domain—specifically under a VET Funding contract.

This checklist is to support applications and is intended to be printed and used to check that a complete application to become a Training Provider approved to deliver government subsidised foundation skills training has been prepared before the application is submitted electronically. It can also be used to help Training Providers to self-assess before making an application.

No additional documents or evidence can be provided after the application has been submitted.

Please note:

- Training Providers are advised to begin work on their application early, well before the closing date;
- Training Providers should commence their submission at least 24 hours before the closing time;
- At least 4 hours should be allowed to upload your documentary evidence;
- Detailed instructions for making your application are given in the Guide to making an application for 2022;
- Instructions for naming documents are given in the Guide.

Applications must be lodged before 2 pm on 22 October 2021.

This document is not evidence and must not be included in your application.
