Research DIY for academic promotion 2024

1. Follow **IRMA handout** to

   - export publications data

   - export grants data and add research funding information

   - review Third Party tab and, if researcher identifiers such as ORCID are missing, provide the information to Research Reporting

   - add FOR to researcher profile

2. Follow **ORCID, InCites and Web of Science handout** to

   - check your publications indexed by Web of Science and make sure they are consolidated to your ORCiD account

   - run your InCites research comparative indicators (RCI) report by searching ORCID within the specified year range and selecting key indicators

3. Make publications and funding self-assessment: **ERA 2018 Results**

4. Make research comparative indicators (RCI) self-assessment: **Incites Research Areas** 2019–2023, 2014–2023
