

CLIPP Services

How we enable and support learning and teaching at FedUni

Federation Business

School: Learning and teaching support

Your CLIPP Faculty embedded Learning Designer (CFeLD); **Kim Pappaluca**

can provide assistance with designing and enhancing your BOLD learning & teaching practices. Ph: 5327 6676

Your BOLD Lecturer; **Traci Robins** can provide assistance with

enhancing learning and teaching and assessment practices as well as designing Faculty specific professional development. Ph: 5327 6404

What is CLIPP?

The Centre for Learning Innovation and Professional Practice (CLIPP) is a free central learning and teaching support centre providing opportunities and support for teaching staff to acquire, develop, and apply effective BOLD learning and teaching practices to enhance student learning and support academic career progression.

How do I get help?

Your first point of contact for assistance with enhancing your course design is your faculty's embedded Learning Designer or your BOLD Lecturer. Otherwise, if you have questions about a service or support you need, please contact CLIPP to discuss your requirements.
