How we enable and support learning and teaching at FedUni

Faculty of Education and Arts: Learning and teaching support

Your CLIPP Faculty
embedded Learning
Designer (CFeLD);
Leanne Maher

can provide assistance with
designing and enhancing your
BOLD learning & teaching
practices. Ph: 5327 9217

Your BOLD
Lecturer; **Sara
Weuffen** can

provide assistance
with enhancing learning and
teaching and assessment
practices as well as designing
Faculty specific professional
development. Ph: 5327 6089

What is CLIPP?

The Centre for Learning Innovation and Professional Practice (CLIPP) is a free central learning and teaching support centre providing opportunities and support for teaching staff to acquire, develop, and apply effective BOLD learning and teaching practices to enhance student learning and support academic career progression.

How do I get help?

Your first point of contact for assistance with enhancing your course design is your faculty's embedded Learning Designer or your BOLD Lecturer. Otherwise, if you have questions about a service or support you need, please contact CLIPP to discuss your requirements.
