2015 GUIDELINES ABOUT APPRENTICESHIP/TRAINEESHIP TRAINING DELIVERY

The VET Funding Contract, Schedule 1 states: If the RTO delivers training to Apprentices or Trainees under a Training Contract, the RTO must adhere to all legislative requirements under the Act and the Guidelines about Apprenticeship/Traineeship Training Delivery as updated from time to time.

The purpose of these guidelines is to outline the necessary procedures as well as provide guidance to RTOs in relation to training delivery for all Apprentices and Trainees under a Training Contract including requirements under a Training Plan.

RTOs have prime responsibility for assessment of competency, consistent with the provisions of the Australian Quality Training Framework (AQTF). Meaningful and ongoing consultation is required with the employer and the apprentice around development, delivery and monitoring of a Training Plan and the attainment of competencies within the relevant qualification.

These guidelines provide minimum requirements for contacts with the employer/workplace supervisor and apprentice, recognising that various factors such as the delivery model, specific trade regulations, the industry, certificate level, and individual circumstances between employer, apprentice/trainee and RTO, may require increased contacts. RTOs may refer to the Training Plan template to assist in planning visits and contacts: www.education.vic.gov.au/training/providers/rto/Pages/trainingplans.aspx

The Department encourages RTOs to use best practice in the provision of training, such that apprentices and trainees are best placed to receive the necessary knowledge and practical skills required for competence.

1. General Administrative Practices

1.1. The RTO must immediately notify the relevant Australian Apprenticeships Centre (AAC) if the qualification on DELTA is not appropriate or relevant to the Apprentice/Trainee’s work duties, and request that the employer and Apprentice/Trainee vary the Training Contract.

1.2. The RTO must notify the relevant organisation as listed below within two (2) weeks of:

a. an Apprentice/Trainee’s non-enrolment – notify AAC (if not accepting enrolment, set the DELTA record to “POL unknown” and notify AAC);

b. a situation, including absences, which has the potential to affect completion of the Training Contract (after making an effort to resolve the matter via contact with the employer and Apprentice) – notify the Apprenticeship Administration Unit of the VRQA;

c. withdrawal/non-start of enrolled Apprentice/Trainee – notify AAC;

d. the requirements being met for issuing of a qualification to any Trainee, or an Apprentice who commenced training on or after the relevant dates shown in Clause 3.3 – notify the VRQA (update the DELTA database by marking “Successful completion/POL complete”, change the status to “Complete” and enter the actual completion date);

e. the requirements being met for issuing of a qualification to an Apprentice who commenced training before the relevant dates in Clause 3.3 – notify the VRQA (update DELTA to mark “Successful completion/POL Complete”);
f. an Apprentice/Trainee’s change of address – notify the VRQA by updating DELTA;

g. an Apprentice/Trainee’s change of employer – notify AAC.

1.3. The RTO must sign claim forms for Commonwealth Department of Industry employer incentives for Apprentices/Trainees when training delivery commences and as appropriate for progression and completion claims.

1.4. The RTO must notify the Manager of Apprenticeship Administration at the Victorian Registration and Qualifications Authority (VRQA) by email within 24 hours of being notified of the death of an Apprentice/Trainee.

2. Delivery Practices

2.1. The RTO must not commence Structured Training before:
   a. the commencement date of the Training Contract;
   b. creation of the DELTA record; and
   c. the trainer has contacted the employer/workplace supervisor of the Apprentice/Trainee to:
      i. outline the supervisor’s responsibilities;
      ii. outline the purpose of further contacts; and
      iii. develop the Training Plan (in conjunction with the Apprentice/Trainee).

2.2. The RTO must:
   a. provide training in the Approved Training Scheme nominated on the Training Contract to full time or part time Apprentices/Trainees;
   b. make all reasonable provisions for the Apprentice/Trainee to achieve all competencies required for the Structured Training identified in the Approved Training Scheme within the nominal duration of the Training Contract;
   c. advise the Apprentice/Trainee and their employer, that an application for an extension to the term of the Training Contract must be made if they are unable to complete the Structured Training prior to the nominal completion date of the Training Contract (this application should be lodged by the employer via the relevant AAC); and
   d. for Apprentices, commencing training on or after the dates shown in Clause 3.3, make a minimum of four contacts per year with the employer in person, in writing or electronically to discuss the Apprentice’s progress against the Training Plan and obtain employer confirmation in writing (including e-mail) of the Apprentice’s competence in the workplace.

   Note: Timelines for employer confirmation should be agreed with the employer. Confirmation of competence may be sought for a cluster of competencies rather than each individual competency. The confirmation process should be discussed and documented in the Training Plan prior to the start of the apprenticeship training. If the employer is a Group Training Organisation (GTO), sign-off must be from the GTO, not the host employer.

2.3. The RTO may deliver Structured Training within one or a combination of both of the following modes:
   a. off-the-job Structured Training refers to training that is conducted by the RTO’s training staff at the RTO’s training facility. It is often referred to as trade school, block release or on-campus training; and/or
b. workplace based Structured Training refers to training that is conducted by the RTO’s training staff at the Apprentice/Trainee’s workplace. The Apprentice/Trainee must be withdrawn from regular work duties in order to participate in the training.

3. Competency Based Training and Completion requirements

3.1. For all Trainees, and for all Apprentices who commenced training on or after the relevant dates shown in Clause 3.3, the RTO may issue the qualification only when:

   a. all competencies of the Structured Training have been achieved; and

   b. the employer has returned written confirmation of the Apprentice/Trainee’s competence in the workplace (if the employer is a GTO, final confirmation must be from the GTO, not the host employer). The RTO must retain the written confirmation of the Apprentice/Trainee’s competence from the employer for audit purposes; and

   c. the RTO has given clear advice to the employer that final confirmation completes the Training Contract.

3.2. For all Apprentices who commenced training before the relevant dates in Clause 3.3, the RTO may issue the qualification when all competencies have been achieved.

3.3. Requirements for Competency Based Completion apply to Apprentices whose training commenced on or after the dates specified below:

<table>

3.4. When reporting on competency based training activity on the Skills Victoria Training System (SVTS), RTOs must ensure they do so in accordance with the requirements detailed on the Department’s Competency Based Training and Completion webpages: www.education.vic.gov.au/training/learners/apprentices/Pages/competencyfaq.asp x#reporting

3.5. The RTO must ensure that qualifications issued following the completion of an Approved Training Scheme contain on the certificate below the qualification title, the words “achieved through Australian Apprenticeship arrangements”.

3.6. RTOs must keep employers, and their apprentices, informed of an apprentice’s progress toward completing their apprenticeship qualification.
3.7. Some industrial arrangements increase an apprentice’s wages based on the apprentice’s progress through their apprenticeship (typically at 25, 50 and 75 percent through the apprenticeship). Most Modern Awards with these provisions require the employer to notify the RTO within 21 days if they disagree with the assessment. These industrial arrangements relate to the employment relationship and do not remove the Department’s requirement for RTOs to continue to seek employer confirmation of competency.

4. Workplace Based Training Minimum Compliance Standards

4.1. For every Apprentice/Trainee who is undertaking some workplace based training, in addition to the requirements in Clause 2, the RTO is required to:

a. conduct a workplace induction with the Apprentice/Trainee and supervisor and sign off the Training Plan with the supervisor/employer;

b. depending on the proportion of training and assessment in the workplace, conduct a minimum number of additional visits as follows:
   i. one visit if 25 per cent or less of the nominal hours of the qualification;
   ii. two visits for 26 - 50 per cent of the nominal hours of the qualification;
   iii. three visits for 51 - 75 per cent of the nominal hours of the qualification; and
   iv. four visits for more than 75 per cent of the nominal hours of the qualification;

c. obtain verification of the face to face visits by acquiring the dated signature of the employer/workplace supervisor and Apprentice/Trainee;

d. during the course of the visit:
   i. meet with the Apprentice/Trainee to discuss progress in relation to the Training Plan;
   ii. deliver training and/or assessment in accordance with the Training Plan; and
   iii. document the training and/or assessment provided in reference to the competencies;

e. ensure withdrawal time from routine work duties for Structured Training activities, as follows:
   i. at Certificates III and above, a minimum of three hours per week, averaged over a four week cycle (pro rata for part time Trainees and only for the duration of competencies delivered and assessed in the workplace if the training program combines Off-the-job Structured Training and Workplace based Structured Training);
   ii. at Certificates I and II a minimum of one and half hours per week, averaged over a eight week cycle (pro rata for part time Trainees and only for the duration of competencies delivered and assessed in the workplace if the training program combines Off-the-job Structured Training and Workplace based Structured Training); and
   iii. a maximum of 40 hours of the annual withdrawal time may be delivered as block training within the first 3 months of training for all certificates. This training should focus on compliance and regulatory units and generic skills.
f. where an employer/supervisor is not allowing the Apprentice/Trainee to be withdrawn from routine work duties for the applicable minimum specified time, report the non-compliance to the Manager of Apprenticeships Administration at the VRQA within 14 days if initial consultation with the employer/supervisor does not resolve the issue.

g. make monthly contact by either e-mail, phone with both the Apprentice/Trainee and the workplace supervisor to:
   i. monitor and document the progress of training against the Training Plan;
   ii. monitor and document the training/learning activities undertaken during the withdrawal time for the previous month; and
   iii. document the dates and time periods logged as withdrawal time in the previous month.

5. Part Time Apprenticeships/Traineeships

5.1. All Approved Training Schemes are available on a part time basis subject to there being a suitable employment arrangement in place.

5.2. The onus is on the employer to establish that this is the case and to certify to such on the Training Contract.

5.3. The RTO should not develop or market programs that impede the employer’s ability to comply with this requirement.

6. School Based Apprenticeships/Traineeships

6.1. Apprenticeships/Traineeships can also be undertaken as school based programs, subject to the availability of suitable employment arrangements. Arrangements are in place by the Victorian Curriculum and Assessment Authority (VCAA) to support any Apprentice/Trainee obtaining credit into their VCE or VCAL program.

6.2. In the event that the Apprentice/Trainee is undertaking the training as part of a School Based Apprenticeship/Traineeship (SBAT), the RTO must ensure that:
   a. it makes contact with the secondary school to initiate completion of a Training Plan;
   b. the Training Plan is also signed by an authorised representative of the SBAT’s school within two (2) months of the signing of the Training Contract;
   c. a copy of the completed (signed) Training Plan is provided to the relevant AAC;
   d. in consultation with the SBAT’s school, report SBAT results in a timely manner for the school to enter results on the Victorian Assessment Software System (VASS). Results must be supplied to schools at least one (1) week prior to the cut-off date as schools require one (1) week to allow for data entry. Check the exact date at www.vcaa.vic.edu.au and search for the VCE and VCAL Administrative Handbook;
   e. schools are notified when there are amendments to the Training Plan (this allows SBATs to receive full credit in their VCE or VCAL); and
   f. the training meets the requirements specified in the relevant Approved Training Scheme, including specific school based apprenticeship/traineeship requirements as detailed in the Guidelines on part-time and school based apprenticeship and traineeship arrangements in Victoria at Attachment 1.
7.3 Further information, including a guide to establishing and delivering SBATs (including stakeholder roles and responsibilities) can be found on the Department’s website: www.education.vic.gov.au/school/principals/curriculum/pages/apprentice.aspx

7. Unemployment of Apprentices/Trainees

7.1. In instances of Apprentice/Trainee unemployment:

a. an RTO must continue the Structured Training, under a relevant Apprentice/Trainee funding source code as outlined in the Victorian VET Student Statistical Collection Guidelines, of an Apprentice/Trainee who becomes unemployed before completing the qualification named on the Training Contract, for the following periods of time to provide reasonable opportunity of re-employment; and/or

b. an Apprentice may continue to receive training toward the qualification named on the Training Contract, subject to tuition fees being paid until completion of the qualification; and/or

c. a Trainee may continue to receive training towards the qualification named on the Training Contract for three (3) months, or to the end of the enrolment period for which the Trainee’s tuition fees have been paid, whichever is the greater.

7.2. If an Apprentice/Trainee successfully completes the Structured Training while continuing to be unemployed the qualification can be issued but the words “achieved through Australian Apprenticeship arrangements” should be omitted from the certificate OR at the Apprentice’s request, withhold the certificate to allow for re-employment and completion of the Training Contract.

7.3. RTOs should encourage unemployed apprentices to register on the Need An Apprentice website: www.needanapprentice.com.au. The Need An Apprentice website is an out of trade register, that provides an opportunity for unemployed apprentices to post their resume and apply for jobs on-line, as well as for employers to advertise apprenticeship vacancies. Registering will facilitate re-employment and continuation of their apprenticeship under a Training Contract.
Attachment 1: Guidelines on part-time and school based apprenticeship and traineeship arrangements in Victoria

School Based Apprenticeship or Traineeship (SBAT)
A SBAT is an apprenticeship or traineeship undertaken by a student enrolled in a senior secondary program (VCE or VCAL), with at least one day per week timetabled to be spent on the job or in training during the normal school week. The training plan arranged by the apprentice/trainee; their employer and the registered training organisation, must also be endorsed by a representative of the student’s school to confirm:

- the student is enrolled in a senior secondary program (VCE or VCAL)
- the student’s study, training and work commitments form an integral part of that student’s school learning program and study timetable and are consistent with the student’s career aspiration as outlined in their career action plan, and
- it will not be detrimental to the student’s overall education.

A SBAT must be undertaken for an average of at least 13 hours per week. The 13 hours must be made up of 7 hours employment and 6 hours structured training, except where the program is fully workplace based (see fully workplace based requirements below). The 13 hours per week of employment and training may be averaged over three periods of four months in the year. The training plan must be submitted to the relevant Australian Apprenticeship Centre within two months of the training contract commencing.

Part-time Apprenticeship
A part-time apprenticeship or traineeship is an apprenticeship or traineeship where the ordinary hours of employment, including the training component, are less than the usual hours of employment for a full-time employee in that industry. A part-time apprenticeship or traineeship must be undertaken for an average of at least 13 hours per week. The 13 hours must be made up of 7 hours employment and 6 hours structured training, except where the program is fully workplace based (see fully workplace based requirements below). The minimum 13 hours in employment and training may be averaged over a period of one, two or four weeks, unless the apprentice or trainees is also a student in which case training may be averaged over three periods of four months in the year.

Workplace Based Training
Certificate I and II: full-time trainees undertaking workplace training at AQF levels I and II must be withdrawn from routine work duties for a minimum of 1.5 hours per week for the purpose of undertaking Structured Training/learning activities. This is applied pro-rata for part-time trainees, with a minimum of one half hour per week (averaged over two months).

Certificate III: full-time apprentices and trainees must be withdrawn from routine work duties for a minimum of three hours per week for planned training. This is applied pro-rata for part-time apprentices and trainees, with a minimum of one hour per week (averaged over four weeks). The training undertaken during the period of release must include a focus on the compliance and regulatory units and the units concentrating on generic skills. Up to 40 hours of this training may be transferred to be delivered in one or more blocks during the first three months of the training program.
