### 2. Essential requirements for admission

Our applicants fall into one of four categories – those who have undertaken studies at the Higher Education level, those that have studied with a TAFE provider, those with the required secondary education studies completed and those with relevant life experience. These are detailed further below in 3. Admission Criteria.

In addition to meeting the requirements detailed in 3. Admission Criteria below, applicants are also required to meet the following additional requirements for this program:

- Some applicants may be required to complete a literacy test. Applicants required to complete the test will be notified.

### 3. Admission criteria

#### 3.1 Applicants with higher education study

If you have undertaken previous higher education studies with results at a pass level, including any 'single subjects of study', or have successfully completed a tertiary preparatory program such as the FedUni Foundation Access Studies Program (FAST), and have satisfactorily met any additional requirements detailed above in '2. Essential requirements for admission', you will have met the entry requirements for this program.

#### 3.2 Applicants with vocational education and training (VET) study

If you have successfully completed a relevant VET qualification at the Certificate III level or higher, and have satisfactorily met any additional requirements detailed above in Section 2 'Essential requirements for admission', you will have met the entry requirements for this program.

#### 3.3 Applicants with recent secondary education (within the past two years)

We are dedicated to increasing the higher education participation rate of students from regional and rural areas. To support this aim we are pleased to offer an Open Access selection model. For this program we will assess entry based on applicants receiving the required scores in the prerequisite subjects, rather than a minimum Australian Tertiary Admissions Rank (ATAR).

This means that if you achieve the following subjects/scores and are successful with any additional requirements detailed above in '2. Essential requirements for admission', you will have met the entry requirements for this program:

- Units 3 and 4: a study score of at least 15 in any English.

#### 3.4 Applicants with work and life experience

Applicants who have not completed secondary education, or undertaken any TAFE or university studies should include a personal statement detailing all relevant experience to strengthen their application. Significant, relevant experience may be deemed sufficient to enable entry into this program, along with satisfying any additional requirements detailed above.
