

# Contract Notification

<b>CN No.</b>	<b>2022-06</b>	<b>Date: 4 May 2022</b>
<b>To:</b>	Chief Executive Officer or equivalent	
<b>Purpose:</b>	Variation to Contract	
<b>Scope:</b>	All 2022 VET Funding Contracts (Version 2.0)	
<b>Subject:</b>	<b>New skill sets added to the Funded Skill Sets List</b>	

## Purpose

This Contract Notification provides advice to training providers about the inclusion of infection control and swimming instructor skill sets in the Funded Skill Sets List (FSSL) for 2022 and the relevant subsidy rates.

## Main Points

The four infection control skill sets and the Swimming and Water Safety Teacher skill set have been added to the FSSL for 2022.

### Eligibility

Normal eligibility rules apply and no exceptions nor fee waivers are available.

The previously available infection control skill sets exemptions are no longer in place.

### Reporting requirements

Report all training activity in these new skill sets using Funding Source Identifier – State Training Authority ‘GSP’.

Please note that the reporting requirements for the infection control skill sets have changed. These programs should be reported using Funding Source Identifier – State Training Authority ‘GSP’ instead of the previously used ‘19P.’

### Adding programs to funded scope (non-TAFEs)

Non-TAFEs are reminded that the usual process for adding programs to their funded scope applies. Further details about additions to funded scope will be published on SVTS soon.

### Subsidy rates

Hourly subsidy rates are listed in the table below.
