

## Bachelor of Nursing | Bachelor of Midwifery

**This combined degree will prepare you with the knowledge and skills necessary to practice both nationally and internationally in a multidisciplinary context and in a variety of settings.**

### **Our program**

You'll learn the practical skills for each degree area and become eligible for registration as both a registered nurse and midwife in a multidisciplinary context.

You will be equipped with a broad knowledge, skills, practices, and confidence to become a next generation capable nurse and midwife. Learn within our state-of-the-art simulated workspace and birthing environment to exercise industry best practices.

### **Career opportunities**

Become a registered midwife and registered nurse in community or hospital settings while pursuing roles in aged care nursing, emergency nursing and midwifery, working across the full childbearing journey.

### **What to expect**

Clinical placements are a major focus of the program. You will undertake over 1,500 hours of clinical placements across 208 weeks and will be located in a range of workplace settings in Victoria applying theoretical knowledge and developing your clinical knowledge and skills.

### **Our staff**

Our enthusiastic and energetic academics maintain their strong industry knowledge with significant on-going experience and networks in the sector. They are committed to assisting and supporting students align theory and practice.

### **Professional recognition**

On successful completion of this program you will be eligible to apply for registration as both a registered nurse and midwife with the Australian Health Practitioner Regulation Agency (AHPRA).

The program is subject to accreditation by the Australian Nursing and Midwifery Accreditation Council (ANMAC), accreditation standards for nurse education (2019) and accreditation standards for midwifery education (2021).
