Federation University acknowledges the Traditional Custodians of the lands and waters where our campuses, centres and field stations are located, and pay our respects to Elders past and present. We extend this respect to all Aboriginal and Torres Strait Islander and First Nations Peoples.

The Aboriginal Traditional Custodians of the lands and waters where our campuses, centres and field stations are located include:

- **Wimmera** Wotjobaluk, Jaadwa, Jadawadjali, Wergaia, Jupagul
- **Ballarat** Wadawurrung
- **Berwick** Bunurong Boon Wurrung and Wurundjeri
- **Gippsland** Gunai Kurnai
- **Nanya** Station Mutthi Mutthi and Barkindji
- **Brisbane** Turrbal and Jagera
At Federation University, we’re driven to make a real difference. To the lives of every student who walks through our doors, and to the communities we help build and are proud to be part of.

But for us, community isn’t just limited to geography or history – it’s a set of values and beliefs that bind people together more powerfully than a single building or place ever could. We’re one of Australia’s oldest universities, yet we’re modern and progressive in everything we do. While others look inwards, clinging to the familiar, we’ve been reaching out to new communities for almost 150 years, steadily building a generation of independent thinkers united in the knowledge that they’re greater together.

It’s their needs and aspirations that have shaped us, giving rise to a unique model of higher learning – one with grassroots connections that deliver world-class outcomes. With that kind of community behind you, the world is rich with possibilities. And from day one, we’ll give you the support you need to not only create and share your own story, but to be part of a bigger one.

Ready for the next level?
The transition to university is exciting, for you and for us. In the following pages, we’ll guide you through every step of the way; the ins and outs of making an application, what campus life is like, our outstanding facilities, the scholarships we offer, and so much more.

Science and Technology Building, Mt Helen Campus, Ballarat
Our History
The University has a distinguished history as one of Australia's oldest higher education institutions. We have a strong tradition of education and training delivery and will celebrate our 150 year tradition in 2020. We became Federation University Australia in January 2014.

Diversity
We are committed to providing equal opportunity and freedom from discrimination and harassment for all members of the Federation community, and to creating an environment that reflects our values; the social and cultural diversity within the communities it serves.

State of the art facilities
And when it comes to your classes, our state-of-the-art facilities provide everything you need to get ahead. You will have access to an array of essential and contemporary teaching and learning technologies.

Small class sizes
Our class sizes are small, meaning you can receive one-to-one assistance directly from your lecturers and tutors.

You are part of something bigger
And this begins the moment you arrive. From our clubs, societies and sports teams, to our recreational trips and activities, you’ll have every opportunity to get involved in Federation life – to meet new people, get inspired and build lifelong connections.

We are built for success
Wherever you walk around our campuses, you’ll find plenty of natural green spaces and nooks to meet up with people, study, or just take time out.

Support that never stops
Even after you graduate, you’re still part of our community. With strong relationships with industry partners, your degree will provide opportunities that are set to grow.

Our research changes lives
Our research is ranked well above world standard, with the university achieving the highest possible five-out-of-five rating in seven research areas by Excellence in Research Australia (ERA). We’re driven by the innovative research we do, and the brilliant minds that power it. We collaborate with communities and industries across Australia and overseas and our work has measurable impact on our wider society.

Why choose Federation University?
Find out where you belong

Being at university is about feeling comfortable with where you’re studying, not just what you’re studying.

With our six campuses stretching across Victoria – from the Wimmera and Ballarat, to Berwick and Gippsland, and the Brisbane Campus in Queensland – we’re sure you’ll find a campus that’s right for you.

Either onsite or close by, all our campuses have everything you need to get ahead in your studies, but also enjoy life outside the classroom. Australia is a beautiful, multicultural country with world-renowned natural attractions, quality of life and climate. From the Great Ocean Road to the Great Barrier Reef, many of Australia’s highlights are within close reach of our campuses.

Regional Living

Ballarat is home to our Mt Helen and Camp Street campuses and is known for its elegance and history. Famous since the 1850s, when the Victorian gold rush drew immigrants from all over the world, Ballarat is today Australia’s third-largest inland city, with a population of over 100,000 people.

The city itself has many attractions, including Victorian era architecture, a bustling city centre and the tranquil charm of Lake Wendouree, the famous Sovereign Hill outdoor museum and the Ballarat Botanical Gardens. Living in Ballarat offers an affordable and relaxed regional city lifestyle, with a vibrant nightlife, restaurant and cultural scene, popular local festivals and easy access to spectacular sights.

Gippsland is an extensive and diverse region of Victoria renowned for its natural beauty. The local scenery ranges from spectacular coastline to snow-covered mountains. Churchill, home to our Gippsland Campus, is one of four major towns in the Latrobe Valley that has a total population of over 70,000 people.

Known for its wide range of industries, the Valley’s key sectors include education, health, tourism, retail, manufacturing, power production, agribusiness, forestry and paper. The Campus features modern architecture and is set on 60 hectares of stunning landscaped grounds. Latrobe Valley boasts all the recreational and cultural facilities of a large regional centre. The region is within easy driving reach of Mt Baw Baw Ski Resort, white-water rivers and beautiful coastal parks, including Wilsons Promontory and the Gippsland Lakes.
There is no better place to study while positioning yourself for your career!

City Campuses

Berwick is an attractive and multicultural suburb of Melbourne, routinely ranked as one of the world’s most liveable cities. One of the fastest growing regions in Australia, Berwick has a diverse population, including residents from over 150 different cultural backgrounds.

Within easy reach of Melbourne’s vibrant culture and entertainment, Berwick is also a short journey to the more tranquil charms of national parks and the Mornington Peninsula.

Leafy boulevards, parklands, cafes, restaurants and boutique shops abound in the area. The Wilson Botanic Park offers lakes, picnic areas and scenic walking trails, while Westfield Fountain Gate, Australia’s second largest shopping centre, is just one stop away on the train.

The suburb’s key employment sectors include education and health, with a range of quality education facilities, public and private hospitals and other medical facilities servicing the growing region.

Brisbane is the capital city of Queensland and ranks among the top lifestyle cities in the world, making it the perfect place to live, study and work. With a beautiful subtropical climate, Brisbane enjoys year-round outdoor activities.

Built along the banks of the Brisbane River, the city has a vibrant centre including shopping, arts and entertainment, surrounded by beautiful parkland. Living and studying in the city allows you to balance inner city life with access to natural outdoor spaces.

Brisbane is Australia’s fastest-growing capital city for employment, ahead of Sydney, Melbourne and Perth.

There is no better place to study while positioning yourself for your career!
Ballarat

Ballarat is the historic home of Federation University Australia, with our timeline dating back to the foundation of the School of Mines Ballarat in 1870. Today, Federation University is a central focus of the city, with major campuses and strong connections to local industry, culture and community.

Where nature meets innovation

Mt Helen Campus

Our flagship Ballarat campus is set on 110 hectares of natural bushland, Mt Helen combines a beautiful location with cutting-edge teaching and research facilities.

Mt Helen Campus, boasts a state-of-the-art science and engineering building, immersive nursing labs, lecture theatres, 24 hour access computer labs, library, spiritual facilities, student lounges, café, eating areas and a children’s centre. With beautiful walking trails around the grounds, keep an eye out for koalas and kangaroos.

Creativity in the heart of the city

Camp Street Campus

Located right in the centre of Ballarat, Camp Street is known for its highly-regarded Arts Academy – a unique integration of new and historic buildings, including specialised theatres and galleries. You can study visual and performing arts courses in the kind of environment needed to hone your creativity, experiment and showcase your work.

Transport

About 110km north-west of Melbourne – accessible train and bus services operate between Melbourne’s Southern Cross Station and Ballarat Station. A one-way journey is approximately 1 hour duration. To connect to the Mt Helen Campus a bus service operates from Ballarat Station at half hourly intervals. Travel time is 25 minutes from Ballarat Station. There is also an excellent freeway network that connects Melbourne and Ballarat if you prefer to travel by car. This journey is 1.5 hours duration.

Virtual Tour

For a virtual tour of our Ballarat-based campuses and facilities, visit federation.edu.au/virtualtour
Berwick

The new kid on the block
Berwick is our newest campus, located around 40km south east of the Melbourne CBD, easily accessible by metro train. Berwick’s multi-level campus combines modern architecturally designed buildings and innovative facilities with spacious landscaped surroundings – everything you need to make the most of your time here.

Building a brighter future
Equipped with a newly developed science lab, nursing labs, library and on-campus accommodation, Berwick is our newest campus – and it shows. It also features an expansive solar array that dramatically reduces our carbon footprint, and metro and country rail links are within walking distance.

Transport
The Berwick Campus is located 40km south east of the city centre of Melbourne. Train and bus services operate between Melbourne’s City Loop Stations and Berwick Station, via the Pakenham metro train. Travel time is approximately 1 hour duration. Upon arrival at Berwick Station, it is a 5 minute walk to reach the Berwick Campus. You can also travel by car. This journey takes 45 minutes via the M1 Highway (this route has tolls), or 1 hour via the M3 and M1 highways (no tolls).
Brisbane

A higher degree of success
Primarily an international student campus, the Brisbane Campus is situated in the heart of Brisbane. The new award winning architect-designed facility has the latest in technology and comfort and is within walking distance of great eateries, shopping and entertainment. It’s also conveniently located near our preferred accommodation provider, StudentOne, and the central train station.

Refer to Industry Connections on page 12 to read more about our partnership with Rivercity Labs.

Transport
The Brisbane Campus is located in the heart of Brisbane at 333 Ann Street. It is only one block walk from Central Station and a short walk from the CityGlider bus service and ferry terminals. With excellent transport connections, the Campus couldn’t be easier to access.
Globally inspired

Our Gippsland Campus combines the best of what regional campus life is all about – a welcoming community, innovative learning environment and excellent research facilities. Situated on 60 hectares of landscaped grounds and adjacent to the town of Churchill, it’s approximately two hours from Melbourne.

Harnessing the potential of technology

At the Gippsland Campus, we offer our students and teachers the very best learning and research facilities – particularly in the Carbon Technology Research Centre (CTRC). Gippsland also features science, engineering, nursing and midwifery labs with the latest equipment and a 1500m2 multi-use auditorium, and a three-level library with quality study spaces for group work, such as the Library Learning Centre.

Transport

The Gippsland Campus is located 160km from the city centre of Melbourne. Train and bus services operate between Melbourne’s Southern Cross Station and Traralgon and Morwell Stations.
Industry connections

We understand that you need real world experience along with your degree to achieve your goals.

All of our courses are regularly assessed to ensure strong industry relevance, so you can incorporate academic theory into real-life work situations. Our priority is to deliver the highest quality student experience, which means our graduates become effective global citizens wherever they choose to live or work. Federation has close connections with a wide range of industry partners, offering excellent employment outcomes and recognition for our high performing graduates.

Our Technology Parks, based at the Mt Helen, SMB and Gippsland campuses are home to major organisations including IBM® who are a significant employer of our graduates from IT and business. Other major employers include Concentrix and the Fiona Eley Cancer Research Institute.

In Brisbane, Federation University makes full use industry connections through an extensive network of partnerships with the city’s leading businesses. In addition, the University connects students to partners through industry-integrated learning programs, specific to their degree. Leading local industry partners include Downer, River City Labs, Audeara, CoderDojo, Navitas and Concentrix.

The placement network consists of 3,000 industry partners, ranging from multi-nationals and ASX 100 companies, to small and medium-sized enterprises across a range of industries. Internship placements are matched specifically to each student’s professional background and future career goals. The program is designed to help graduates understand how Australian workplaces operate, giving you the chance to enter industry with confidence.

Launched in 2017, the collaboration with global business services provider Concentrix offers students access to real-world job recruitment processes. Here, students are helped with building their job applications and recruitment skills, while gaining constructive feedback on where to improve and how to forge their path in the business world.

With more than 125 global locations, Concentrix serves automotive; banking and financial services; insurance; healthcare; technology; consumer electronics; media and communications; retail and e-commerce; travel and transportation; and energy and public sector clients, offering students a chance to explore new, interesting areas of business.
Anchal Gulati, a Master of Technology (Software Engineering) student from the Brisbane campus, has been offered employment upon completion of her placement at Concentrix. She speaks highly of her experiences, saying that, “This extensive training has given me so much new knowledge, while developing my theoretical and practical understanding of the technology. I am so happy to have been given a part-time job with Concentrix at the end of my training. The best part is, I can work with them in Brisbane or in India if I move home after graduation.”

With so much to offer, Federation University has the resources and connections needed to prepare students as they transition from higher education to the global workplace.
Success lives here

There aren’t too many experiences that beat living on campus. We offer a range of accommodation options located on or close to our campuses in Ballarat, Gippsland and Berwick.

You’ll get to meet new people from all kinds of backgrounds, cultures and courses in a community as thriving as it is inclusive.

In fact, our research shows students who live in university residences are more likely to be successful in their studies and transition to university life. Our highly effective support programs, and unique residential experience contribute to greater satisfaction and success in relation to your university experience. Our dedicated teams are there to provide support and make your success and happiness a priority.

Our accommodation options start from around $170 per week; with a range of options including fully furnished single bedrooms, self-contained apartments, ensuite rooms, studios and houses, both on and off campus. You will have access to communal living areas, TV/lounge rooms, fully equipped kitchens, laundry and recreation facilities.

Accommodation pricing includes all bills, internet, 24/7 access to residential support, various residential programs, events and activities.

Accommodation Scholarship

International students commencing studies with Federation University Australia can apply for an accommodation scholarship to live on campus in Ballarat, Berwick or Gippsland. Accommodation scholarships may range in value up to full accommodation fees.

Airport Transfer Service

Our free airport transfer service is available to all new international students, taking the stress out of arriving in a new country. We’ll collect you from Melbourne International Airport and take you directly to campus at Ballarat, Berwick or Gippsland.

Short-term Accommodation

Federation University offers short-term and early arrival accommodation at the Ballarat, Berwick and Gippsland campuses.

International Guarantee

As an international student, you’re guaranteed* accommodation while studying at Federation University.

Visit our website for details on accommodation options, and to apply online federation.edu.au/feduniliving

* Eligibility and application criteria apply
Benefits of living on campus

Our support services and programs

The help you need, when you need it

At Federation University, we are ranked the number one university in Victoria for student support.* We understand that studying abroad is exciting, but it’s also a difficult challenge, and you’re probably going to need some help. You might need help writing essays. You might need support with your English. Or you might need somebody to talk to about more personal life concerns.

Our effective range of student-focused services enables international students to develop the skills, knowledge and confidence to achieve in Australian education. Studying abroad is a challenge but, with the right support and guidance, there’s always a way to succeed.

*Australian Federal Government, QILT.edu.au, 2019
**Student Futures and Academic Study Support**

Our Student Academic and Study Support programs (SASS) provide support tailored for each stage of your university experience.

- Mentor program helps you settle into your university life
- PASS is a study group of your peers to share knowledge and support
- ASK is a group of skilled students ready to answer your questions
- Learning Skills Advisors provide individual and group study support
- Study Skills Website offers a range of free online resources

**English Language Support Service**

Our English Language Support Service offers free assistance to help new international students understand course materials, assignments and university culture. Experienced and empathetic tutors explain what's required of you as a student in Australia and give you the skills and confidence to get better grades and communicate clearly in class.

**Libraries**

Comfortable spaces to study, with over 500,000 books, e-books and 30,000 journal titles. You can also borrow a laptop or get involved in our library skills programs.

**Counselling**

All students are welcome at our free and confidential counselling service. Our professional counsellors provide support and referral for all personal and academic issues. If you can’t make it in, we also offer video and phone counselling.

**Spiritual Facilities**

People of all faiths are welcome at Federation University. There are multi-faith prayer rooms/places of peace for all students at our campuses, as well as Muslim prayer rooms with separate male and female facilities.

**Chaplaincy**

Chat with a chaplain for spiritual and pastoral care support, or any practical matters to do with university life.

**Support for students with disabilities**

We want everyone to have full access to all our programs and facilities. If you need any help, just get in touch with our Disability and Learning Access Unit.

**Student careers and employment**

The Student Development and Employability team offer a range of events, programs and services enabling you to find work while you study, gain valuable work experience, plan for your future career and enhance your employment prospects.

**Elite athlete, coach and performer university program**

It can be difficult to juggle higher education with your sporting and performance goals. But our service lets you make flexible study arrangements so you can excel in both arenas.

**Bookstores**

Find the book you’re after at the Berwick, Gippsland, Wimmera and Mt Helen campuses.

**Childcare centres**

FedUni Children’s Centres are located at our Mt Helen, SMB and Gippsland campuses, and there are a number of external childcare centres located within a short distance of the Berwick Campus.

**Student Health**

**Ballarat**

The Mt Helen Campus is home to an accredited Health Centre, staffed by doctors, nurses and counsellors throughout study periods. The centre provides confidential consultation services to the University community.

**Brisbane**

Brisbane students can access health services through the CBD Medical Clinic and World Wellness Group. Both are located close to Campus with a range of services available.
Our Multicultural Student Services team are committed to providing all students from multicultural backgrounds with support, engagement and community links from before you arrive until the day you successfully graduate.

After you accept your offer, we’ll be in touch to answer any questions you have before your flight: what it’s like to live in Australia, how to find accommodation and more. Once you arrive, we provide an orientation to give you all the essential information to get started at Federation University and a social program to help you meet new friends, settle in and see some of the local sights.

Get in touch if you’re unsure about anything, you can find us at all major campuses.

federation.edu.au/multicultural-support
Experience Uni Life

**Federation Alumni**
When you graduate from Federation, you’re still part of the family. Through our alumni community, you can connect with people from all over the world, share common experiences and discover new opportunities.

**Student representation**
The Student Senate (at Ballarat, Berwick, Gippsland, Wimmera & online) is your voice at Federation. They work hard to improve your student experience and consult on how your Student Services and Amenities Fees are spent.

**Sports Clubs and Societies**
At Federation University, you can learn a new sport, play socially or even represent the University in anything from football to frisbee. A wide range of social, cultural, sporting and special interest clubs and societies are available on campus, offering the chance to connect with other students and make the most of your university experience. For more serious athletes, Federation University students participate in the UniSport Nationals (Australian University Games) each year, testing their skills in competitive events. For further information about sport and recreation visit federation.edu.au/sport

**Community and Student Development**
Federation provides exciting leadership and volunteer opportunities on campus and in the local community to help you develop leadership and networking skills, and make new contacts in Australia. Our Community and Student Development team is passionate about helping students make positive changes on campus, in the local community and even internationally. Regular events include leadership camps, masterclass sessions and professional development workshops. For further details, visit federation.edu.au/student-development

‘I was impressed to see that local people volunteered to support international students by arranging trips and clubs for us to take part in. Friends of mine who studied in bigger cities didn’t always have that experience’.

Duong Hoai Nhung
Master of Business Administration
Country of origin: Vietnam

Our Scholarships

We recognise academic excellence when we see it. We reward those who have achieved top results at school and in other areas of study, and we do everything we can to shape the next generation of leaders.

But we also offer so much more than this. Here, support isn’t limited to the chosen few. Your goals carry just as much weight as your grades – no matter what you want to study, where you’re coming from or what you’re up against.

We support people from all walks of life – helping build the communities we’re proud to be part of. If you’ve got the talent and the drive, chances are we have the financial support you need.

**International Student Accommodation Scholarships**
You may be eligible for an accommodation scholarship. They range in value up to full accommodation fees for your first semester on campus, with the possibility of it being extended (subject to availability). Accommodation facilities have access to communal living spaces, kitchens, lounge facilities and recreational areas. All bills (internet, water and electricity/gas) are also included.

**Business and Information Technology Scholarship**
All students commencing a Business or Information Technology degree by coursework will automatically receive a 16% of fees scholarship. The value of this scholarship ranges from AU$11,664 to AU$16,320 over the full duration of the course.

**International Excellence Scholarship**
If you have a strong academic background you may be awarded a 16% of fees tuition scholarship for any other degree completed by coursework. The value of this scholarship ranges from AU$3,456 to AU$4,896 in the first year of study and it may be ongoing, subject to successful study results.
**Brisbane Professional Internship Scholarship**  
Gain work experience and bridge the gap between university and your career. The Brisbane Industry Internship Scholarship (BIIS) can kick-start your career and improve your employability prospects. The Internship is open to future international students who intend to study an undergraduate or postgraduate degree at Federation University’s Brisbane Campus.

The Scholarship rewards successful applicants with a 16-week program consisting of four online work-readiness workshops including an 8 to 12-week internship placement. Program participants spend time immersed in a host company alongside Australian professionals. 100% of the internship placements are matched to the participants’ professional background and future career goals.

**Kiran Mazumdar-Shaw Scholarship**  
The Federation University Australia Foundation offers the Kiran Mazumdar-Shaw Scholarship to a Higher education Indian student commencing studies in 2020 in the fields of science, technology, engineering or mathematics at the Mt Helen campus, valued at $7,000.

**Henry Sutton PhD Scholarship for international candidates**  
The School of Science, Engineering and Information Technology produces leading research in these discipline areas including Mathematics, Engineering, Geo-science and Information Technology. The School is keen to attract excellent postgraduate students to join our research teams through the provision of the Henry Sutton PhD Scholarship Awards.

Each scholarship will include a full Federation University Research Tuition Scholarship and a Stipend scholarship (which includes a cash stipend of $12,500 AUD per annum, paid fortnightly, plus an accommodation scholarship valued at $12,500 AUD per annum). Both the tuition and stipend scholarships will be provided for a period of three years. The Henry Sutton PhD Scholarship does not cover Overseas Student Health Cover (which is compulsory for the period of the COE).

In addition, the scholarship holders may be offered optional paid teaching opportunities within the School.

For a full list of scholarships, visit federation.edu.au/scholarships
Alumni Success

Dr Kiran Mazumdar-Shaw
Distinguished Alumna (2015)

Dr Kiran Mazumdar-Shaw has been named among TIME magazine’s 100 most influential people in the world and received numerous international awards for her contributions to biotechnology. She is a Distinguished Alumna of Federation University.

Dr Mazumdar-Shaw graduated from the University in 1975 as a Master Brewer with a Graduate Diploma in Malting and Brewing.

The only female student on the program, her diligence shone through as she came top of the class.

Dr Mazumdar-Shaw became India’s first female brew-master upon her graduation. However, with few career opportunities available to women in the brewing industry at the time, she turned her skills to the emerging biotechnology sector.

In 1978 she joined Biocon Biochemicals Ltd as a trainee manager, subsequently establishing Biocon India Ltd in collaboration with the Irish company. Dr Mazumdar-Shaw’s experience in the brewing industry underpinned the co-invention of a unique cauldron based on fermentation techniques that led to the development of Biocon’s now patented biotechnology reactor.

Biocon has since evolved into a highly successful biopharmaceutical enterprise focused on healthcare and committed to reducing therapy costs of chronic diseases such as diabetes and cancer. Through innovative products and research services, it enables access to affordable healthcare for patients, partners and healthcare systems across the globe.

Mr Martin Andanar
Distinguished Alumnus (2017)

Martin Andanar is an award-winning radio and television presenter and the current Secretary of the Philippines Presidential Communications and Operations Office. He is a Distinguished Alumnus of Federation University.

Martin graduated in 1999 from a Bachelor of Arts degree with majors in Social and Political Studies and Film and Media Studies. He often credits the University as laying the foundations for his career, providing hands-on learning opportunities that gave him the skills and experience to break into the media industry.

After graduating, Martin returned to the Philippines to work as a TV media executive, news anchor, radio commentator, podcaster and voice-over artist on national broadcasting network TV5. He has headed the online video portals of TV5 and was the anchor on morning TV and radio shows. Martin has organised and partnered with community and civic organisations advocating volunteerism and good governance, incorporating his innovative media ideas into politics.

During his impressive career, he has been recognised with many awards. In 2004, he won Best Male Newscaster at the 18th PMPC Star Awards for Television. More recently, in 2015, Martin won TV Broadcaster of the Year at the Gawad Sulo ng Bayan Awards.

Martin became Secretary of the Presidential Communications Office of the Philippines in 2016. In this role, he supervises government news and information agencies, television and radio stations and acts as a presidential spokesperson in press conferences.
Dr Robert Foo Hee Chong AM

Distinguished Alumnus (2016)

Robert Chong is a former Mayor of the City of Whitehorse in Melbourne, who has made outstanding contributions to his local community for over 25 years. He has been awarded an Order of Australia Medal, Centenary Medal and Member of the Order of Australia. Robert arrived in Australia from Malaysia in 1962 and studied Applied Chemistry at the School of Mines Ballarat (now Federation University).

After graduating, Robert worked as a chemist and research assistant before joining the Royal Australian Air Force. When Robert moved to the Blackburn area of Melbourne in the early 1970s he saw a need to support recently arrived Chinese immigrants living in his community. He founded the Chinese Community Social Services Centre, served as the President of the Federation of Chinese Associations (Vic) Incorporated, and founded several Chinese Senior Citizens Clubs. Due to his strong advocacy for migrant support services, Robert was invited to serve on the newly established Board of the Migrant Information Centre for East Melbourne for seven years, and was then appointed by the Victorian Minister of Health to the Board of Eastern Health.

Since 2011, Robert has served as Chair of the Eastern Health Foundation. Robert was elected as a councillor in the City of Whitehorse in 1997 and re-elected in 2012 for a sixth term. During this time he served two terms as Mayor.

In 2016, Robert was awarded Distinguished Alumnus of Federation University for outstanding service to the community and his pre-eminent contribution to community health and local government. In 2018, he was awarded the Degree of Doctor of the University Honoris Causa.

Emily Situ

International Alumna of the Year (2018)

Emily Situ graduated from Federation University’s Master of Business Administration (MBA) degree in 2005 and has gone on to a highly successful career in marketing. She currently works as Branding Director for Overseas Markets at Country Garden, the largest property development company in China. In 2018, Emily returned to Federation University to accept the award of International Alumna of the Year.

Before applying to Federation University, Emily worked as a Marketing Officer for a government organisation in Hong Kong. ‘I felt a need to study and strengthen my knowledge,’ she says, ‘and an MBA is a popular path to improving your management skills.’

‘I remember being attracted to Ballarat to experience the real Australia. I didn’t want to travel abroad just to live in a big city with many other Chinese people. I wanted to meet people from different backgrounds, and I was attracted to the reputation of the University, which is highly-rated for teaching quality and student satisfaction.’

Emily especially enjoyed the small class sizes, personalised learning and diversity of other students. ‘One thing that was new for me was that the course didn’t have a fixed group of classmates. Every subject had different students. The range of ages and nationalities surprised me at first, but it was wonderful to learn from everyone’s varied work and life experiences.’

Looking back, Emily says that her experience at Federation University changed her in two main ways. ‘It gave me more confidence in my work and made me more independent. The way of thinking I developed at Federation Business School really helped me to develop my career. The MBA enabled me to improve my strategic thinking and develop my management style. I learned how to open my mind and think outside the box, which is something I’d never really done. I returned to China more confident in my abilities and quickly found a job as Team Leader at a major PR agency.’
Our English for Academic Purposes (EAP) courses are designed to assist international students to gain entry into higher education degrees that require an Academic IELTS of 6.0 or 6.5.

Study can be as short as 5, 10, 15 or 20 weeks, giving students a strong foundation for academic success.

EAP courses run prior to the commencement of each semester at our Ballarat, Berwick and Brisbane* campuses.

Classes are scheduled for 20 hours of face-to-face time each week, with additional independent study expected by students to meet the minimum standards to pass.

Learning Tasks and Assessments

Our EAP courses aim to enhance and develop students’ English language skills and knowledge of western academic culture. During the course, students will develop skills in:

- Academic reading and writing
- Oral presentations and tutorial discussions
- Academic vocabulary and assessments
- Research and study techniques

A range of learning tasks and assessment methods will enable students to demonstrate competency. Students are generally not required to sit an Academic IELTS test after their satisfactory completion of EAP.

Choosing the Right Pathway

Two streams of EAP are available:

EAP Intermediate provides a pathway for students requiring Academic IELTS 6.0.

EAP Advanced provides a pathway for students requiring Academic IELTS 6.5.

Be a new kind of leader

Innovative, sustainable and with the courage to inspire real change. If businesses want any chance of succeeding in today’s climate, these are the qualities they must possess.

But to drive this vision, you need the right people – those with outstanding skills in critical thinking, leadership and management, with a strong knowledge of business principles and practices. At Federation Business School, this is exactly what we teach.

We’re focused on inspiring minds for a better world. This is why all our courses emphasise employment-relevant skills and a strong leaning towards sustainability and responsible management.

We also continually revise our courses to reflect changes, trends and global developments in business and commerce education – to help you become the kind of leader the world needs today.

Commerce

Commerce is about thinking and acting in a commercial capacity, to help businesses make better decisions, stand out and drive change. If you’re a clever thinker with an eye for problem-solving, then you’re looking in the right area.

Our commerce courses are designed to give you the skills to work across a range of areas – from accounting and law, to economics and finance – and in sectors as far-reaching as banking, manufacturing, retail, tourism and teaching.

At Federation University, you can tailor your learning to suit your career goals, majoring in any of the above areas.

Business

What does success in business look like?
How do you drive innovation through entrepreneurship?
And how can you shape tomorrow’s world in a positive way?

By giving you a strong background across a range of business areas, we’ll teach you how to answer these questions, as well as apply what you’ve learned out in the field.

Here, you can keep your options open with a general business degree, or choose to specialise in areas like management.

Management

Leadership is a quality we try to foster in all our students – regardless of what they’re studying. But with a degree in management, you’ll learn specifically what it takes to inspire and bring out the best in people.

**KEY CAREER OUTCOMES**
Banker; Professional accountant; Stockbroker; MPA

---

**PROFESSIONAL RECOGNITION (WHERE APPLICABLE)**
This program is recognised by Certified Practising Accountants Australia.
Shape a new generation

Few careers are as rewarding or crucial as teaching. But shaping young minds in a time of rapid social and technological change has its own set of challenges – where only the most confident, passionate and dedicated teachers can make a difference in the community.

These are the kind of people we aim to inspire. It’s reflected in the level of support we offer and the dynamic nature of our education and early childhood degrees, all of which nurture critical and creative thinking, drive and collaboration – and importantly – the capacity to bring out the best in others.

Our professional recognition

To shape the next generation of teachers, it’s important that our qualifications stand up in the industry. You’ll find that many of our courses are either recognised or accredited by leading bodies and institutions, at state and national levels.

These include the Australian Children’s Education and Care Quality Authority (ACECQA), Australian Institute of Teaching and School Leadership (AITSL), and Victorian Institute of Teaching (VIT).

Early Childhood

We’re renowned for our early childhood courses, in both the quality of our curriculum and the calibre of our graduates – many of whom are already making an impact out in the field.

Primary Teaching

Our education system needs teachers who can truly bring out the best in young people. To make sure this happens, we create a learning environment that fosters strong relationships, innovative thinking and, importantly, real-world experience.

Secondary Teaching

Our secondary teaching courses are dynamic, challenging and bold – just like the classrooms you’ll be working in down the track. You can choose to become qualified in middle years (Prep-10) or work as a specialist teacher (7-12). If you already have an undergraduate qualification, our Masters courses will take your teaching skills to the next level.

Education Studies

If you’re looking for a pathway into the Bachelor of Education courses or a non-teaching role within the compulsory education sector, this study area ticks all the right boxes. With this course, if you maintain a good academic standard, you may have the opportunity to transfer into second year of a teaching degree after first year. Alternatively, continue within Education Studies and you’ll be qualified to work within education policy and as an Education Support Worker (Integration Aide).

Also, the Bachelor of Education Studies is a pathway program into the Master of Teaching in either Secondary, Primary or Early Childhood Teaching.

*‘Training to be a teacher in a foreign country is a massive challenge, but Federation is very inclusive and supportive. With all the experience and knowledge I’ve developed, I feel really confident and well-prepared to start my career.’*

Limin Huang
Master of Teaching (Secondary)
Country of origin: China

---

See pages 71 for further teaching programs including:

- Bachelor of Health and Physical Education
- Bachelor of Outdoor and Environmental Education
Build a better future
Wind turbines that reduce global warming.
Robots that rove the surface of Mars.
Underwater tunnels that connect different countries.
Engineers build extraordinary things. And with a qualification from Federation University, you can too.
With so many areas of engineering to pursue, our undergraduate degrees focus on flexibility.
In your first year, you’ll gain a solid foundation in our engineering courses, and from second year, progress to a specialist stream in Mechatronic Systems, Civil, Mining or Mechanical Engineering.

**Entry Requirements**
- Overall IELTS band score of 6.0; with no band less than 6.0 or equivalent.
- Successful completion of Australian Year 12 with final-year mathematics courses; or overseas equivalent.

**Key Career Outcomes**
- Drainage engineer; Airport engineer; Harbour engineer; Local government engineer; Planning engineer; Soil engineer; Transport engineer; Civil engineer; Engineer; Hydraulic engineer; Materials and testing engineer; Project engineer; Structural engineer; Water resources engineer; Design engineer; Geotechnical engineer; Irrigation engineer; Pipeline engineer; Railway engineer; Traffic engineer

**Professional Recognition**
- Engineers Australia.
GRADUATE CERTIFICATE IN RELIABILITY ENGINEERING

LOCATION
On-line Learning: On-line Learning is only available for international students not studying on student visas

INTAKE
February, July

DURATION
1 year

ANNUAL FEE
$14,400 (per Certificate)

ENTRY REQUIREMENTS
A three-year degree in engineering; science; applied science or appropriate degree program; or overseas equivalent.

KEY CAREER OUTCOMES
Chief engineer; Engineer; Maintenance manager; Maintenance and reliability engineer; Planning engineer; Production and maintenance engineer.

GRADUATE DIPLOMA OF MINING

LOCATION
Mt Helen Campus (Ballarat), On-line Learning: On-line Learning is only available for international students not studying on student visas

INTAKE
February, July

DURATION
2 years

CRICOS
085622M

ANNUAL FEE
$21,600

ENTRY REQUIREMENTS
Successful completion of a recognised 3-year Australian bachelor degree or overseas equivalent.
Overall IELTS band score of 6.0; with no band less than 6.0; or equivalent.

OTHER REQUIREMENTS
Applicants must complete and submit Additional Details Form. Refer study.federation.edu.au for full details.

KEY CAREER OUTCOMES
Construction engineer; Geotechnical engineer; Mine ventilation officer; Planning engineer; Sales engineer; Consultant; Mine manager; Mining engineer; Project engineer; Site manager; Engineer; Mine safety engineer; Open pit mining engineer; Researcher; Underground mining engineer

MASTER OF ENGINEERING TECHNOLOGY
(CIVIL ENGINEERING)

LOCATION
Mt Helen Campus (Ballarat)

INTAKE
February, July

DURATION
2 years

CRICOS
079924C

ANNUAL FEE
$28,800

ENTRY REQUIREMENTS
Successful completion of a recognised 3 or 4 year Engineering bachelor degree in the relevant specialisation (major field) with credit average; awarded by an Australian university; or a recognised overseas equivalent.
Overall IELTS score of 6.0; with no individual band score less than 6.0 or equivalent.

KEY CAREER OUTCOMES
Airport engineer; Drainage engineer; Harbour engineer; Local government engineer; Local government engineer; Planning engineer; Planning engineer; Soil engineer; Transport engineer; Civil engineer; Engineer; Hydraulic engineer; Materials and testing engineer; Project engineer; Structural engineer; Water resources engineer; Design engineer; Geotechnical engineer; Irrigation engineer; Pipeline engineer; Railway engineer; Traffic engineer.

PROFESSIONAL RECOGNITION
Engineers Australia.
MASTER OF ENGINEERING TECHNOLOGY
(MECHANICAL ENGINEERING)

LOCATION
Mt Helen Campus (Ballarat)

INTAKE
February, July

DURATION
2 years

CRICOS
079927M

ANNUAL FEE
$28,800

ENTRY REQUIREMENTS
Successful completion of a recognised 3 or 4 year Engineering bachelor degree in the relevant specialisation (major field) with credit average; awarded by an Australian university; or a recognised overseas equivalent. Overall IELTS score of 6.0; with no individual band score less than 6.0 or equivalent.

KEY CAREER OUTCOMES
Design engineer; Maintenance engineer; Mechanical engineer; Printing engineer; Researcher; Scheduling engineer; Engineer; Manufacturing engineer; Mechanical production process engineer; Process engineer; Rotating equipment engineer; Service engineer; Hydraulic design engineer; Mechanical design engineer; Planning engineer; Plant process engineer; Project engineer; Sales engineer

MASTER OF ENGINEERING TECHNOLOGY – PROJECT MANAGEMENT

LOCATION
Mt Helen Campus (Ballarat)

INTAKE
February, July

DURATION
2 years

CRICOS
0100640

ANNUAL FEE
$28,800

ENTRY REQUIREMENTS
An appropriate three year or four year engineering degree in the relevant specialisation (major field) awarded by an Australian university; or an equivalent qualification awarded by an recognised overseas institution; with a minimum of 60% average/credit.

KEY CAREER OUTCOMES
Project engineer; Project manager; Contracting manager; Team leader

MASTER OF ENGINEERING TECHNOLOGY
(MINING ENGINEERING)

LOCATION
Mt Helen Campus (Ballarat)

INTAKE
February, July

DURATION
2 years

ANNUAL FEE
$28,800

ENTRY REQUIREMENTS
Successful completion of a recognised 3 or 4 year Engineering bachelor degree in the relevant specialisation (major field) with credit average; awarded by an Australian university; or a recognised overseas equivalent. Overall IELTS score of 6.0; with no individual band score less than 6.0 or equivalent.

KEY CAREER OUTCOMES
Design engineer; Maintenance engineer; Mechanical engineer; Printing engineer; Researcher; Scheduling engineer; Engineer; Manufacturing engineer; Mechanical production process engineer; Process engineer; Rotating equipment engineer; Service engineer; Hydraulic design engineer; Mechanical design engineer; Planning engineer; Plant process engineer; Project engineer; Sales engineer

MASTER OF ENGINEERING TECHNOLOGY – RENEWABLE AND ELECTRICAL POWER SYSTEMS

LOCATION
Mt Helen Campus (Ballarat)

INTAKE
February, July

DURATION
2 years

CRICOS
0100637

ANNUAL FEE
$28,800

ENTRY REQUIREMENTS
An appropriate three year or four year engineering degree in the relevant specialisation (major field) awarded by an Australian university; or an equivalent qualification awarded by an recognised overseas institution; with a minimum of 60% average/credit.

KEY CAREER OUTCOMES
Electrical Engineer; Power Systems Engineer; Renewable Energy Engineer

MASTER OF MAINTENANCE AND RELIABILITY ENGINEERING

LOCATION
Online/Off-campus

INTAKE
February, July

DURATION
2 years

ANNUAL FEE
$28,800

ENTRY REQUIREMENTS
Successful completion of a recognised 3 or 4 year Engineering bachelor degree in the relevant specialisation (major field) with credit average; awarded by an Australian university; or a recognised overseas equivalent. Overall IELTS score of 6.0; with no individual band score less than 6.0 or equivalent.

KEY CAREER OUTCOMES
Chief engineer; Engineer; Maintenance and reliability engineer; Maintenance manager; Planning engineer; Production and maintenance engineer

MASTER OF ENGINEERING TECHNOLOGY
(MECHATRONIC SYSTEMS ENGINEERING)

LOCATION
Gippsland Campus (Churchill)

INTAKE
February, July

DURATION
2 years

CRICOS
0100638

ANNUAL FEE
$28,800

ENTRY REQUIREMENTS
Electrical Engineer; Power Systems Engineer; Renewable Energy Engineer

KEY CAREER OUTCOMES
Automation engineer; Control systems engineer; Maintenance engineer; Plant design and management engineer; Sales engineer; Self-diagnostic machinery design engineer; Automotive systems engineer; Data communication and networks officer; Mechanical design engineer; Process and packaging design engineer; Scientific equipment designer; Avionics test engineer; Engineer; Infrastructure engineer; Mechatronic project engineer; Robotics and process automation engineer; Security systems designer
‘The course has been great so far. It’s given me much more practical experience of subjects such as robotics, which I only studied theoretically at home. We’ve been on valuable industry visits, and the lecturers are really amazing; they take the time to explain things to us in detail.’

Venkata Rao-Gondi
Master of Engineering Technology (Mechanical Engineering)
Country of origin: India
**Humanities, Social Sciences and Criminal Justice**

**Improve the way we live**

What makes us human? Why do we behave the way we do? How can we use what we learn to tackle pressing issues, help others lead better lives, or change the way we engage with each other?

The arts, humanities and social sciences ask the big questions, diving deep into the contours of human cultures and societies, both past and present. And they do so from a wide range of angles – politics, history, sociology, criminology, literature, media, and social welfare (just to name a few).

Through our courses, you'll learn the critical and creative thinking, problem solving, research and analysis, and communication skills employers look for in today's fast-changing world – in a range of careers across a number of industries.

### Community and Human Services

At Federation University, we’re passionate about building communities outside of the classroom. Our courses in this area will give you the theoretical and practical skills to do just this, helping others lead better lives.

In our Bachelor of Community and Human Services, you’ll get a real taste of what a career in the field looks like, with 70 days of placement in your final semester. With a qualification like this, you could go on to study a Master of Social Work (Qualifying).

### Humanities and Social Sciences

In Australia, the arts, humanities and social sciences play a crucial role. They help us express who we are, drive innovation in our communities, and underpin how we can progress as a society, culture and as individuals.

**Criminal Justice**

What is crime? And how does it impact our lives? Our Bachelor of Criminal Justice helps you better understand the nature of crime, prevention and the criminal justice process. You'll look into traditional, innovative and radical alternatives for dealing with crime in fields such as government, police services, courts and corrections.

### Why choose a Bachelor of Arts?

Because studying a Bachelor of Arts will expose you to applied learning across a variety of subjects – history, Indigenous studies, literature, media and screen studies, sociology and writing – and will develop your enquiring mind to think creatively and independently.

You will learn effective critical and creative thinking, research and communication skills, and you can choose any number of career paths to focus upon – from policy development to cultural arts programs.

Information Technology

Drive change at the cutting-edge

With continuous advances in information technology, the opportunities to progress in areas such as health, transport, finance, entertainment, science, energy, education and manufacturing are virtually limitless.

Thanks to our impressive breadth of content, an IT qualification from Federation University will give you the advanced skills, knowledge and confidence to work across all these sectors.

Study with us and you’ll also benefit from our strong connections and industry placement programs – designed to give you the support and experience you need to either get started or rise up in one of the most progressive industries in the world.
**Information Technology**

Our IT degrees and specialisations have been developed alongside trends and changes in the industry, and in accordance with the Australian Computer Society's accreditation standards.

With so many specialisations to think about, it can be worth keeping your options open with a general IT qualification. This way, you can undertake a major and choose electives from our range of courses.

**Professional Practice**

International students who achieve highly in the first year of one of our Bachelor of IT degrees can apply to transfer to the Bachelor of IT (Professional Practice) course in their second year. This four year degree includes extensive internships at IBM offices in the Ballarat Technology Park. Successful applicants receive a scholarship of $38,400 over their final two years and graduate with valuable, hands on industry experience and an established network of industry contacts.

**Big Data and Analytics**

Big data has well and truly arrived. But how do you analyse it to uncover hidden patterns, unknown connections and market trends? In this undergraduate degree, you’ll learn to do this by applying fundamental scientific principles and along the way build up your critical thinking, problem-solving and communication skills.

**Cloud and Enterprise Computing**

It’s flexible, doesn’t cost much and can handle huge data sets. It’s safe to say that the cloud has changed the face of computing and business. In our undergraduate degree, you’ll build skills needed to forge a career in mainframe and cloud computing, virtual information technology, and systems deployment.

**Business Information Systems**

From multinational organisations to local businesses, companies of all shapes and sizes rely on technology to keep up with changes in the industry and stay ahead of their competition. This undergraduate degree builds up your skills in business processes, data and information management, enterprise systems and business intelligence – so you can help them do just this.

**Games Development**

In our undergraduate degree in Games Development, you’ll learn how to design, create and produce modern computer and video games – testing, innovating and building engaging worlds, stories and characters. Beyond this, your skills can be put to use in areas as broad as simulators, medical imaging and education.
Enterprise Systems and Business Analytics
These postgraduate courses are a fantastic way to complement your undergraduate degree and build skills in examination, analysis and visualisation of data – exactly what you’ll need to help businesses and organisations make better strategic decisions.

Mobile App Development
They can track our health, tell us where to go, reach more customers, entertain us on long commutes... the list goes on. In this undergraduate degree, you’ll find out what it takes to be the creative mind behind mobile apps, as well as learn how to build the underlying systems that run on devices and control networks.

Networking and Security
In this information age, reliable and secured communication with anyone, anywhere is essential for social and economic development. On one hand there are increasing demands for faster data communication while on the other cyber threats are posing greater risks to businesses and individuals. We need people like you, with the creativity and ethical hacking skills, to protect data, test systems and check security protocols while guaranteeing fast and reliable communication. This undergraduate degree will help you do this.

Software Development
Some of the most complex issues businesses face can be solved through smart and simple software. In this undergraduate degree, you’ll go beyond design and coding into the greater world of computer programming and project managing. You’ll learn how to test, analyse, interpret and execute results that help people and businesses succeed.

Software Engineering
Our postgraduate courses are a fantastic way to complement your undergraduate degree and build skills in software engineering techniques. You’ll learn how to design, implement and maintain IT systems, and create high quality software that benefits businesses across all areas of operation.
### Bachelor of Information Technology

**Location**
- Mt Helen Campus (Ballarat), Berwick Campus (Melbourne), Brisbane Campus (Queensland), Gippsland Campus (Churchill), Online/Off-campus

**Intake**
- February, March, July, November

**Duration**
- 3 years

**CRICOS**
- 074009A

**Annual Fee**
- $24,300

**Entry Requirements**
- Successful completion of Australian Year 12 or overseas equivalent. Overall Academic IELTS band score of 6.0, with no band less than 5.5, or equivalent.

**Key Career Outcomes**
- Business analyst; Computer engineer; Computer systems auditor; Computer systems engineer; Data modeller; Database administrator; Database designer; Electronic commerce administrator; Hardware technician; Information officer; IT consultant; Integration analyst; IT manager; Multimedia application developer; Multimedia developer; Network engineer; Network manager; Programmer; Software engineer; Support officer; Systems administrator; Systems analyst; Systems designer; Systems manager; Team leader; Training officer; Web designer

BACHELOR OF INFORMATION TECHNOLOGY
(MOBILE APP DEVELOPMENT)

LOCATION
Mt Helen Campus (Ballarat), Berwick Campus (Melbourne), Gippsland Campus (Churchill)

INTAKE
February, July

DURATION
3 years

CRICOS
092106F

ANNUAL FEE
$24,300

ENTRY REQUIREMENTS
Successful completion of Australian Year 12, or overseas equivalent. Overall Academic IELTS band score of 6.0, with no band less than 5.5, or equivalent.

KEY CAREER OUTCOMES
App designer; App developer; App performance tester; App security manager; Augmented reality developer; Development team leader; Marketing representative; Mobile device programmer; Mobile interface designer; Mobile networks and wireless communication designer; Programmer; User experience designer; User experience tester; Wireless communication designer

PROFESSIONAL RECOGNITION
Australian Computer Society (ACS).

BACHELOR OF INFORMATION TECHNOLOGY
(NETWORKING AND SECURITY)

LOCATION
Mt Helen Campus (Ballarat), Gippsland Campus (Churchill)

INTAKE
February, July

DURATION
3 years

CRICOS
092055A

ANNUAL FEE
$24,300

ENTRY REQUIREMENTS
Overall IELTS band score of 6.0, with no band less than 5.5, or equivalent. Successful completion of Australian Year 12 with final-year mathematics courses, or overseas equivalent.

KEY CAREER OUTCOMES
Network administrator; Ethical hacker; ICT security specialist; Network architect and designer; Networking and security officer; Product security manager

PROFESSIONAL RECOGNITION
Australian Computer Society (ACS).

BACHELOR OF INFORMATION TECHNOLOGY
(PROFESSIONAL PRACTICE)

LOCATION
Mt Helen Campus (Ballarat)

INTAKE
February

DURATION
4 years

CRICOS
049664D

ANNUAL FEE
$24,300

ENTRY REQUIREMENTS
Overall IELTS band score of 6.0, with no band less than 5.5, or equivalent. Successful completion of Australian Year 12 with final-year mathematics courses, or overseas equivalent. This program is offered to International Students by Alternate Entry only. International Students should enrol in the Bachelor of Information Technology; and then after one or more semesters with excellent results, the University may invite them to undertake an interview to transfer into the Bachelor of Information Technology (Professional Practice).

OTHER REQUIREMENTS
*Students must meet BM® Graduate recruitment requirements and be eligible to work in Australia.

KEY CAREER OUTCOMES
Database manager; Games programmer; Information security; IT project manager; Multimedia developer; Network manager; Programmer; Software engineer; Web developer

PROFESSIONAL RECOGNITION
Australian Computer Society (ACS).

BACHELOR OF INFORMATION TECHNOLOGY
(SOFTWARE DEVELOPMENT)

LOCATION
Mt Helen Campus (Ballarat)

INTAKE
February

DURATION
3 years

CRICOS
092108D

ANNUAL FEE
$24,300

ENTRY REQUIREMENTS
Overall IELTS band score of 6.0, with no band less than 5.5, or equivalent. Successful completion of Australian Year 12 with final-year mathematics courses, or overseas equivalent.

KEY CAREER OUTCOMES
Database administrator; IT manager; IT team leader; Programmer; Project manager; Software developer; Software engineer; Web developer; Software designer; Tester

PROFESSIONAL RECOGNITION
Australian Computer Society (ACS).

BACHELOR OF SCIENCE (HONOURS)

LOCATION
Mt Helen Campus (Ballarat), Gippsland Campus (Churchill)

INTAKE
February, July

DURATION
1 year

CRICOS
088661B

ANNUAL FEE
$27,800

ENTRY REQUIREMENTS
Applicants will have completed a bachelor’s degree in the relevant discipline with a high level of academic achievement, which is normally a distinction average or above in core discipline courses in the second and third years. Overall IELTS band score of 6.0, with no band less than 6.0, or equivalent.

KEY CAREER OUTCOMES
Data Scientist; Information Systems Analyst; Researcher in various areas of IT, e.g. Artificial Intelligence, Data Analytics, and Security; Pathway for entry into higher degrees by research – Doctorate and Masters programs; with further study, University Lecturer

PROFESSIONAL RECOGNITION
Australian Computer Society (ACS).

GRADUATE DIPLOMA OF TECHNOLOGY
(ENTERPRISE SYSTEMS AND BUSINESS ANALYTICS)

LOCATION
Mt Helen Campus (Ballarat)

INTAKE
February, July

DURATION
1.5 years

CRICOS
095031G

ANNUAL FEE
$26,100

ENTRY REQUIREMENTS
Overall IELTS band score of 6.0, with no band less than 6.0, or equivalent. Successful completion of a recognised 3-year Australian bachelor degree or overseas equivalent.

KEY CAREER OUTCOMES
ERP business analyst; ERP data analyst; ERP systems operation; Functional analyst; SAP consultant
GRADUATE DIPLOMA OF TECHNOLOGY
(SOFTWARE ENGINEERING)

LOCATION
Mt Helen Campus (Ballarat)

INTAKE
February, July

DURATION
1.5 years

CRICOS
080506M

ANNUAL FEE
$26,100

ENTRY REQUIREMENTS
Overall IELTS band score of 6.0, with no band less than 6.0, or equivalent. Successful completion of a recognised 3-year Australian bachelor degree or overseas equivalent.

KEY CAREER OUTCOMES
Programmer; Software engineer; Systems tester; SAP consultant; Systems administrator; Software analyst; Systems designer

MASTER OF TECHNOLOGY
ENTERPRISE SYSTEMS AND BUSINESS ANALYTICS

LOCATION
Mt Helen Campus (Ballarat)
Brisbane Campus (Queensland)

INTAKE
February, July

DURATION
2 years

CRICOS
095030G

ANNUAL FEE
$26,100

ENTRY REQUIREMENTS
Overall IELTS band score of 6.0, with no band less than 6.0, or equivalent. Successful completion of a recognised 3-year Australian bachelor degree or overseas equivalent.

KEY CAREER OUTCOMES
Account executive; Communications manager; ERP data analyst; Functional analyst; Software analyst; Solution expert; Systems administrator; Application consultant; Developer; ERP project manager; ERP systems operation; Business consultant; ERP business analyst; Marketing manager; Programmer; SAP consultant; Sales executive; Systems tester; Solution engineer; Systems designer

PROFESSIONAL RECOGNITION
Australian Computer Society (ACS).

ANNUAL FEE
$26,100

ENTRY REQUIREMENTS
Overall IELTS band score of 6.0, with no band less than 6.0, or equivalent. Successful completion of a recognised 3-year Australian bachelor degree or overseas equivalent.

KEY CAREER OUTCOMES
Programmer; Systems administrator; SAP consultant; Systems designer

PROFESSIONAL RECOGNITION
Australian Computer Society (ACS).
‘The course gave me first-hand experience of the IT industry. With the skills I’ve gained at Federation, I’m definitely in the right place and on the right path to achieve my dreams.’

Sofia Mae Sabas
Bachelor of Information Technology (Professional Practice)
Country of origin: Philippines
Nursing
At its core, nursing is about caring for people. But doing this requires a level of expertise and reasoning that you can only get through study. We’ll give you the support and guidance you need to become a registered Division 1 nurse and start making a difference to your patients’ lives.

Midwifery
Caring for pregnant women and their families is a huge responsibility. But it’s also one of the most rewarding experiences a job can offer. Today’s midwives need to be clinical leaders, with the technological know how, experience and complex decision-making skills to provide the best care possible. This is exactly what we prepare you for. And once you’ve graduated, you can apply for registration with the Nursing and Midwifery Board of Australia as a professional midwife.

Paramedicine
Our Graduate Diploma of Paramedicine is recognised Australia-wide with full accreditation from the Council of Ambulance Authorities. This means you’ll gain the skills and knowledge to provide high-level patient care in prehospital environments. You’ll be looking after people going through health crises, whether it’s traumatic, medical, surgical and/or psychological.

Make a real difference
Few careers are as rewarding or intimate as nursing, midwifery and paramedicine. Working in an evolving health sector, you’ll be helping improve lives in the most fundamental ways.

To prepare you as much as possible for working out in the field, we take a hands-on approach. Combining real-world experience with online learning, we equip you with the skills and knowledge needed to provide the highest quality of care.

U Undergraduate bachelor degree
P Postgraduate studies
BACHELOR OF NURSING

LOCATION
Mt Helen Campus (Ballarat), Berwick Campus (Melbourne), Gippsland Campus (Churchill)

INTAKE
February, July

DURATION
3 years

CRICOS
088144A

ANNUAL FEE
$30,400

ENTRY REQUIREMENTS
Overall IELTS band score of 6.5; with no band less than 6.0; or equivalent.
Successful completion of Australian Year 12 or overseas equivalent with one final year course in either Mathematics; Biology; Chemistry or Physics.
Please note: meeting minimum requirements does not guarantee entry as places are limited.
Towards the end of your degree you may apply for professional recognition to work as a nurse in Australia. You may need to prove you meet the English language skills as determined by the NMBA.

EXTRA REQUIREMENTS
Working with children check; Police Record Check; Evidence of current immunisation status. Students must purchase a uniform and nursing kit; available on campus; in the first semester of study.

KEY CAREER OUTCOMES
Registered (Div 1) Nurse – General Practice; Specialist Nurse (Emergency; Aged Care; HF; Mental Health; Oncology; Paediatrics; Palliative care; Peri-operative; Community Health; Critical Care; Geriatric; Occupational Health)

PROFESSIONAL RECOGNITION
Australian Nursing and Midwifery Accreditation Council (ANMAC); Australian Health Practitioner Registration Authority (AHPRA); Nursing and Midwifery Board of Australia (NMBA)

GRADUATE DIPLOMA OF MIDWIFERY

LOCATION
Mt Helen Campus (Ballarat), Gippsland Campus (Churchill)

INTAKE
February

DURATION
1 year

CRICOS
092818G

ANNUAL FEE
$28,100

ENTRY REQUIREMENTS
Overall academic IELTS band score of 7.0; or equivalent.
Must be a registered nurse in Australia to commence.

ESSENTIAL REQUIREMENTS
Yes. Refer to study.federation.edu.au for full details

KEY CAREER OUTCOMES
Midwife

PROFESSIONAL RECOGNITION
Australian Nursing and Midwifery Accreditation Council (ANMAC); Australian Health Practitioner Registration Authority (AHPRA); Nursing and Midwifery Board of Australia (NMBA)

GRADUATE DIPLOMA OF PARAMEDICINE

LOCATION
Mt Helen Campus (Ballarat)

INTAKE
February

DURATION
1 year

CRICOS
077885K

ANNUAL FEE
$28,100

ENTRY REQUIREMENTS
Overall Academic IELTS band score of 7.0; or equivalent.
Successful completion of a recognised 3-year Australian bachelor degree or overseas equivalent.

KEY CAREER OUTCOMES
Paramedic (Advance Life Support; Rapid Response; MICA; Access; Rescue; Intensive Care; Retrieval; Flight; Bicycle Response; Extended Care; Ski Patrol) Communications or Project Officer; Incident Manager; First aid/Clinical Instructor; Team/Group Manager; Educator; Community Support; Policy Advisor; Researcher

PROFESSIONAL RECOGNITION
Ambulance Victoria; Ambulance Services nationally (all States and Territories); Internationally recognised in New Zealand and the United Kingdom; AHPRA Australasian Council of Ambulance Authorities

MASTER OF HEALTH (HEALTH LEADERSHIP)

LOCATION
Mt Helen Campus (Ballarat), Gippsland Campus (Churchill)

INTAKE
February

DURATION
2 years

CRICOS
097976G

ANNUAL FEE
$22,400

ENTRY REQUIREMENTS
Academic IELTS of 7.0 overall with no bands less than 6.5.
Successful completion of a recognised 3-year Australian bachelor degree or overseas equivalent.

KEY CAREER OUTCOMES
Successful completion of the Master of Health will enhance your professional standing and provide you with advanced level skills and knowledge for application in the health community and may lead to employment opportunities in the tertiary sector. Completion of the research pathway provides a pathway to PhD study.

MASTER OF HEALTH (RESEARCH PRACTICE)

LOCATION
Mt Helen Campus (Ballarat), Gippsland Campus (Churchill)

INTAKE
February

DURATION
2 years

CRICOS
097977G

ANNUAL FEE
$22,400

ENTRY REQUIREMENTS
Academic IELTS of 7.0 overall with no bands less than 6.5.
Successful completion of a recognised 3-year Australian bachelor degree or overseas equivalent.

KEY CAREER OUTCOMES
Successful completion of the Master of Health will enhance your professional standing and provide you with advanced level skills and knowledge for application in the health community and may lead to employment opportunities in the tertiary sector. Completion of the research pathway provides a pathway to PhD study.

MASTER OF BUSINESS ADMINISTRATION
(HEATH SERVICES MANAGEMENT)
‘We have small classes, allowing us to build strong relationships with lecturers and classmates, and the facilities are really amazing – it’s just like being in a real hospital.’

Daniel Liu
Bachelor of Nursing
Country of origin: China
Share your imagination
Culture enriches our lives. It engages us, provokes us, inspires us and connects us to each other and the communities we live in.
The performing arts, visual arts and design play an important role in this. And as a university globally renowned for its rigorous, visionary and contemporary arts training – so do we.

Our staff will help unleash your curiosity, creativity and imagination. With years of experience, they understand what it takes to make it in the industry and have a successful career – and they’ll do everything they can to help you do the same.

Performing Arts
In our Performance Practice degree, we challenge students to become multi-skilled contemporary performance makers. You’ll develop skills in singing, acting, dancing, voice, movement and creating new work, and you’ll have the chance to perform in the studio and in public during your time here.

Getting into our Performance Practice degree is primarily based on an audition and interview process. Visit the Arts Academy website for full audition process details.

federation.edu.au/artists

Fine Arts
You’ll learn from some of the best artists and designers working in Australia today. We cover everything from ceramics, 3D modelling and drawing, to printmaking, painting and photography – all set in our creative and open studios.

By sharpening your creative skills alongside learning art theory, you’ll build a deeper knowledge of cross-disciplinary art-making.

Communication and Graphic Design
Independent, creative, flexible and passionate – these are the qualities that graphic designers need if they want to get ahead. And by learning advanced design concepts, styles and philosophies, you’ll develop these in spades.

Getting into our Fine Arts and Communication Design courses is primarily based on an interview and folio. Visit the Arts Academy website for full details on the interview process and folio requirements.

Psychology

Your career in Psychology starts here

Do you want to learn about why people think, feel, and behave the way they do? A degree in Psychology at Federation University will prepare you for a career in psychology and related professions. Our APAC accredited Psychology programs will support you at each stage of your career development. You can progress from our undergraduate program (Bachelor of Psychological Science), to fourth-year with our Graduate Diploma of Psychology or Bachelor of Psychology Science (Honours) programs.

When you study Psychology at Federation University, you will acquire the knowledge and skills you need for the career you want. Our study options and smaller class sizes provide the opportunity to learn, develop, and apply skills that will be valuable in your professional and personal lives. This includes oral and written communication, research, and high level problem solving and critical thinking skills.

Importantly, we understand that you want to be a name, not just a number. When you study Psychology at Federation University, you will be in a highly supportive environment, as demonstrated by our number 1 ranking for student support from psychology graduates across all Victorian public universities (2018 QILT rankings).

Science

Push for progress
Interested in fighting degenerative diseases? Developing healthier food products? The birth of our planet? Assessing humanity’s impact on climate change? Finding out how living things work?

At Federation University, our Science courses will take you in some truly fascinating directions – be it biomedical, biotechnological, environmental, chemical, mathematical, animal, nutritional or even veterinary and wildlife science.

Equal parts immersive and practical, you’ll build the skills and knowledge you need to break into this ever-changing field. And to make sure you’re work-ready, you’ll be learning in research labs, commercial facilities and field trips, and putting your skills to the test in industry placements.

Science

You can build your own science degree by selecting your major and minor areas of study. This gives you both a broad and specialist grounding in scientific practice across disciplines – exactly the kind of skillset employers value in all kinds of industries.

Majors available in: biochemistry; biological science; biotechnology; chemistry; earth materials; ecology; environmental geoscience; environmental restoration; food science; health and nutrition; mathematics; microbiology; minerals processing.

Mathematical Science

From smart energy systems and genome sequencing, to better understanding online customer behaviour – the applications of mathematics are vast and important. By developing a strong grounding in the principles and techniques of mathematics, you’ll discover how your skills can be applied too.

Biomedical Science

Advances in genome biology, genetic mapping, stem cell research and biological pharmaceuticals have led to astonishing breakthroughs for human health. You’ll dive into both the theory and practice of this interdisciplinary branch of science, and along the way, find out what it takes to make your own mark in the industry.

Biotechnology

From vaccines and antibiotics, to genetically modified crops and biofuel – biotechnology has created some of the most innovative and sustainable products that exist today. You’ll build the skills and knowledge needed to pursue a range of careers in the industrial, medical and environmental fields.

Environmental and Conservation Sciences

How do we best combat climate change and ensure the ongoing conservation of biodiversity? And what can we do today to ensure we leave a positive legacy tomorrow? Few fields are as pertinent as the environmental and conservation sciences. By combining a practical foundation in biological and environmental sciences, with extensive fieldwork and research – you’ll learn how to meet the challenges head on.

Food and Nutritional Sciences

With new and better food products being created every day, the expectations around efficiency, quality and safety are incredibly high. Naturally, the demand for qualified professionals is only set to grow. In this degree, you’ll find out what it takes to rise to this level in a number of exciting roles.

Geoscience

Understanding the history of our planet, its evolution, composition, and the dynamic systems that shape its surface, gives us the ability make smart decisions about managing its natural resources. Developing a detailed understanding of our planet and its processes, leads to career options in a wide range of fields, including groundwater management, contaminated site assessment, exploration, mining, and geotechnical consulting.

Veterinary and Wildlife Science

Passionate about animal science? This degree is all about health and welfare of livestock, companion animals and wildlife. You’ll combine laboratory-based learning with fieldwork and case studies at sites such as farming and breeding businesses and natural habitats.

February, July

**DURATION**
3 years

**CRICOS**
088140E

**ANNUAL FEE**
$27,800

**ENTRY REQUIREMENTS**
Successful completion of Australian Year 12 with one final year course in Mathematics (any) and one final year course of either chemistry, biology or physics or overseas equivalent.
Overall IELTS band score of 6.0; with no band less than 6.0 or equivalent.

**ESSENTIAL REQUIREMENTS**
Refer to study.federation.edu.au for full details

**KEY CAREER OUTCOMES**
Soil scientist; Pest management officer; Resource analyst; Resource manager; Sustainability officer; Conservation and biodiversity manager; Cultural geographer; Cultural heritage manager; Cultural heritage officer; Ecologist; Environmental advisor; Environmental and conservation biologist; Environmental consultant; Environmental policy developer; Environmental planner; Environmental protection officer; Environmental science student; Ethical advisor; Fire management scientist; Forestry officer; Land management consultant; Landcare worker; Natural resource manager; Hydrologist
Sport, Health, Physical and Outdoor Education

Turn your passion into a career
If you have a talent for motivating and inspiring people – and want to pursue this as your career – our health, sport and physical education qualifications will give you the tools you need to make it happen, anywhere in the world.

Health Sciences
Working in health sciences is about changing lives for the better. This undergraduate degree focuses on developing the knowledge and skills required to work in the Health Promotion arena. You’ll be involved in studies that include science, nutrition and both global and community health, with the opportunity to participate in workplace experience in your final year of studies.

Exercise Sciences and Exercise Physiology
Active people are proactive about their future. You can realise your ambition by becoming part of Federation University’s unique exercise and sports science community. Our goal is to prepare you for your next step, in the industry or in postgraduate study. From local community groups or major sporting organisations, you can gain valuable insight and experience by embracing diverse placement opportunities across the degree. At Federation University, the world of exercise science is out there to be explored and conquered.

Health, Physical and Outdoor Education
Get out and take on real life. Our degrees in Health, Physical and Outdoor Education will help you develop the knowledge, skills and attitude you need to become an effective teacher or professional in this active sector. Our courses give you numerous opportunities to apply your university studies in diverse ‘real life’ situations, preparing you for employment in a range of roles now and into the future.

### Bachelor of Health and Physical Education

**Location**  
Mt Helen Campus (Ballarat)  
Gippsland Campus (Churchill)

**Intake**  
February, July

**Duration**  
4 years

**CRICOS**  
080394C

**Annual Fee**  
$26,300

**Entry Requirements**  
Successful completion of Australian Year 12 with final-year mathematics courses; or overseas equivalent.  
Overall Academic IELTS score of 7.5 with no band less than 8.0 in speaking and listening, and no less than 7.0 in reading and writing.

**Key Career Outcomes**  
Sports scientist; Clinical exercise physiologist; Health promotion officer; Exercise physiologist; Exercise programmer; Performance analyst; Rehabilitation programmer; Strength and conditioning coach; Exercise scientist

**Professional Recognition**  
Australian Council for Health, Physical Education and Recreation (ACHPER); Australian Injury Prevention Network (AIPN); Exercise and Sport Science Australia (ESSA); Physical Activity Australia (PAA); Sports Medicine Australia (SMA)

---

### Bachelor of Outdoor and Environmental Education

**Location**  
Mt Helen Campus (Ballarat),  
Gippsland Campus (Churchill)

**Intake**  
February, July

**Duration**  
3 years

**CRICOS**  
085612B

**Annual Fee**  
$28,100

**Entry Requirements**  
Successful completion of Australian Year 12 or overseas equivalent.  
Overall Academic IELTS score of 7.5, with no band less than 7.0, or equivalent.

**Key Career Outcomes**  
Activities instructor; Adventurer; Eco-tour guide; Outdoor recreation officer; Activity instructor; Camping and outdoor educator; Environmental education officer; Ranger; Adventure guide; Documentary maker; Outdoor educator; Recreational activities teacher

**Professional Recognition**  
Outdoors Victoria (OV), Outdoor Education Australia (OEA)

Research with Impact

From preventing injuries in Australian football to using our genetic codes to tailor treatments for high blood pressure and heart disease – research at Federation University Australia makes a difference in the real world.

Ranking well above global standards, our research has received the highest possible five-out-of-five rating in seven areas under the Excellence in Research Australia (ERA) results.

In Australia and overseas we work with research bodies and industries, as well as other leading universities. And while our research has national and international significance, we also focus on regional matters close to our heart.

Powered by outstanding people, our research helps build the communities we’re proud to be part of.

Research Centres

We bring together groups and teams of world leading researchers from multi-disciplinary backgrounds into highly focused centres of research endeavour.

Our centres and networks include:
- Centre for eResearch and Digital Innovation (CeRDI)
- Centre for Gippsland Studies (CGS)
- Centre for Informatics and Applied Optimisation (CIAO)
- Centre for Multimedia Computing, Communications, and Artificial Intelligence Research (MCCAIR)
- Collaborative Research Centre in Australian History (CRCAH)
- Geotechnical and Hydrogeological Engineering Research Group (GHERG)

Visit [federation.edu.au/applyforresearch](http://federation.edu.au/applyforresearch) to familiarise yourself with:

- The Research Priority Areas as well as the Strategic Research Directions of the faculty in which you intend to enrol.
- Check that you meet the academic entry requirements, and the English language proficiency requirements.
- Prepare your application and compile your evidence and supporting documentation.

International applicants should apply using the StudyLink Connect application system.
Your next steps

Whether you’re applying directly or via an agent, just follow these simple steps:

**Step 1**  RESEARCH
Find the Federation University course you wish to study
- For undergraduate and postgraduate courses visit [study.federation.edu.au/international](http://study.federation.edu.au/international)
- Check you meet the academic entry requirements
- Check you meet the English language requirements
- Check for any essential requirements that you need to complete in addition to your application.

Essential requirements may include auditions, tests or interviews.

**Step 2**  APPLY
Online applications are the preferred method
- Visit [federation.edu.au/international/study-at-feduni/apply](http://federation.edu.au/international/study-at-feduni/apply)
- Follow the instructions and ensure you have attached all relevant supporting documents.
- A checklist of documentation required is available at [federation.edu.au/international/prepare](http://federation.edu.au/international/prepare)

Note: Be aware of cut off dates.

**Step 3**  ASSESSMENT
Your application will be assessed by our team
- English language requirements
- Academic entry requirements

**Step 4**  OFFER MADE
Congratulations!
You will be sent an International Student Offer and Acceptance Pack that includes:
- Letter of Offer
- Information for accepting your offer
- GTE and/or financial assessment forms*

*Sometimes, international students will be required to complete a pre-visa screening process as a condition of their offer under the requirement of the Simplified Student Visa Framework (SSVF). The requirements will depend on a number of factors.

Refer to page 72 and [federation.edu.au/SSVF](http://federation.edu.au/SSVF) for more information.
Step 5  **ACCEPT AND PAYMENT**
Once you have provided all documentation and met all conditions, including passing SSVF Assessment. You will need to pay the required fees and we will issue you with an electronic Confirmation of Enrolment (CoE).
Note: Payments to FedUni must be made via Western Union through your StudyLink application.

Step 6  **VISA APPLICATION WITH CoE**
You will need your CoE to apply for your Australian student visa. More information on the visa application process is available at immi.homeaffairs.gov.au
Note: Make sure you plan in advance to get your visa in time.

Step 7  **PREPARE TO ARRIVE**
We will send you an International Student Support Guide to help you understand what to expect.

**Flights**
Make sure you arrive in time to attend the compulsory International Student Orientation Program that is held in the weeks before semester commences

**Accommodation**
Check out the offers from FedUni Living – on campus accommodation in Ballarat, Berwick and Gippsland (see page 16)

**Transfers**
Take advantage of Airport Pick Up services from FedUni Living if you are going to the Ballarat, Berwick or Gippsland campuses (see page 16)

See pages 73-75 for Higher Degrees by Research
For higher degrees by research visit federation.edu.au/research
Academic Entry Requirements

Academic entry

Undergraduate courses
Applicants must be over 18 years of age at the time the Confirmation of Enrolment (CoE) is issued. Prospective students must have completed Australian Year 12 or overseas equivalent (refer to the table opposite).

Some courses may require additional specific entry requirements. For full details please visit study.federation.edu.au/international

Postgraduate courses
Prospective students must have completed Australian bachelor degree or overseas equivalent. Some courses may require additional specific entry requirements. For full details please visit study.federation.edu.au/international

Table of equivalence
The equivalence of qualifications from countries not listed in the table opposite will be assessed individually.

<table>
<thead>

English Language Requirements

Applicants are required to meet the minimum English language requirements for entry to a Federation University Australia course. The English language requirement for general courses such as Art, Business and General Science is Academic IELTS 6.0 with no band less than 6.0 or equivalent.

Applicants need to provide one of the evidences below to demonstrate their English language proficiency.

English tests

The English test results must be valid prior to commencement date at Federation University. Every student will be assessed individually, and combination of English preparation program will be considered. We also accept Occupational English Test (OET) results with “B” in all bands, for entry into Nursing and Health Science courses only. OET results are not accepted for courses in other fields, including English for Academic Purposes (EAP) programs.

Important information

Simplified Student Visa Framework (SSVF)

Under the Simplified Student Visa Framework, the University is required to ensure all prospective international students meet the Genuine Temporary Entrant criteria and have the financial capacity to pay for tuition and living costs for the study period in Australia.

The University reserves the right to apply a pre-visa screening process for all international applications. International students must pass our pre-visa screening process before accepting their offer and making payment to obtain a Confirmation of Enrolment (CoE) letter. Students will need the CoE from the University to apply for a student visa.

As per the Department of Home Affairs’ requirements for a student visa application, students must provide:

- A detailed statement setting out their reasons for undertaking the intended course(s) at Federation University Australia and explaining how they meet the genuine temporary entrant (GTE) criteria
- Evidence of sufficient funds to cover all expenses for the first 12 months of their stay in Australia
- Evidence of the genuine relationship between the applicant and any financial sponsor(s)
- A declaration that the applicant has access to sufficient funds and the applicant and the sponsor(s) have good financial capacity to meet course fees and living and travel costs to study in Australia.

Student visas

All overseas students are required to have an International Student Visa issued by the Australian Government.

Student visas are issued for full-time study on the understanding that the student completes their studies on campus, and has sufficient funds to cover tuition fees and living expenses while in Australia.

Students must comply with their visa conditions in order to retain their visa. You may be reported to the Department of Home Affairs and your visa may be cancelled if you do not comply with the conditions of your visa.

You can apply for your Student Visa from the Department of Home Affairs. For information regarding visas visit the Home Affairs website homeaffairs.gov.au

Overseas Student Health Cover

Students must have Overseas Student Health Cover (OSHC) before a student visa can be granted. The information for OSHC is included in your offer letter. The University will purchase health cover on your behalf through Bupa Australia Health.

If you wish to purchase your OSHC through another provider please advise the International Admissions team of your membership details. Your OSHC must cover your whole student visa period, and you must not arrive in Australia before the OSHC start date.

A full list of fees and information regarding coverage and exclusion is available at oshcaustralia.com.au

Your rights and responsibilities

The Educational Services for Overseas Students (ESOS) Act regulates the education and training sector’s involvement with overseas students studying in Australia on student visas. To view the ESOS Framework, please visit internationaleducation.gov.au

Cost of living

The cost of living will vary according to lifestyle and location. It is generally more affordable living in a regional area such as Ballarat or Gippsland due to lower accommodation costs compared to living in a major city. The Australian Government indicates the cost of living for 12 months is $20,290.*

Estimated living expenses are included in the table opposite to help you prepare a budget.

Additional expenses such as tuition fees, Overseas Student Health Cover and other study expenses are not included in this table.

Indicative Living Expenses (government website still says the same)

*studyinaustralia.gov.au (April 2019)
International student fees

Course fees for tuition in this guide apply to international students studying on-campus in Australia. The fees listed are an annual amount, and they are based on a standard study load per year. Any variation to the study load will result in an adjustment to tuition fees. All fees are subject to annual review and may be adjusted.

Fees apply to students commencing in 2020 only. Course tuition fees cover the full cost of tuition but exclude the cost of living (housing and food), medical insurance, textbooks, entertainment, telephone calls, transport, as well as non-compulsory course expenses.

Partner providers

Federation University has collaborative relationships with a number of on-shore and offshore partner institutions. Further information available at federation.edu.au/international

Key dates for 2020

Applications
Generally, the deadline for off-shore application is one month prior to semester commencement. Prospective students are advised to apply as early as possible in order to allow sufficient time for application and visa processing by Australian authorities. Please refer to the Federation University website for the most up-to-date information on application deadlines.
