

Important information

- > All fees are quoted in Australian Dollars (AUD\$) and apply to FedUni Australia campuses and teaching locations only
- > Program and fee information applies to students studying between 1 January and 31 December 2021 (students who commenced a program prior to 1 Jan 2018 will retain their commencement year annual fee)
- > Fees are held fixed for each calendar year 1 January until 31 December
- > Fees are reviewed on an annual basis and may increase in the following calendar year, fee increases are applied at the beginning of each calendar year
- > Equivalent Full Time Study Load (EFTSL) is a measure of study load for a full year when undertaking a program on a full-time basis (120 credit points = 1 EFTSL i.e. 8 courses x 15 credit points)
- > Program annual fees are based on a full-time study load (1 EFTSL / 120 credit points) in the same calendar year.
- > Semester fees are based on a full-time study load (.5 EFTSL / 60 credit points) and the final tuition fee payable each semester will be determined by your course enrolments
- > Semester fee is an estimate only as fees may increase in future years - the amount you must pay is the tuition fee which has been approved for the calendar year in which the semester falls
- > A student commencing in Semester 2 or Summer Semester will find that their total program cost will be slightly higher than if they had commenced in Semester 1
- > For all programs listed students will be charged an additional tuition fee where a course (subject) needs to be repeated
- > International students in Australia on a student visa cannot study a full program via Online Learning (CRICOS registration is not applicable for Online Learning program enrolments)
- > Students wishing to study via Flexible (Flex) or Online delivery should contact International Admissions to discuss their study options
- > Programs on offer are subject to change at the discretion of the University - refer to www.federation.study.edu.au for current information on offerings, delivery locations, entry requirements etc.
