

Storyboard/Script Template

Please find below an example of a script and storyboard format which will support your video production. The script section is recommended, while the storyboard section is optional depending on the content of the video.

Audio / Script	Visuals / Storyboard
<p>EXAMPLE:</p> <p><i>[Introduction]</i></p> <p><i>Hello, I am...</i> <i>Today I will be discussing</i> <i>the theory of...</i></p> <p><i>We will look at the practical application of this</i> <i>theory as it relates to...</i></p> <p><i>In this video you will see a number of</i> <i>demonstrations that will help you</i> <i>understand how...</i></p>	<p>EXAMPLE:</p> <p>Location: Subject X's office.</p> <p>Subject X sitting behind desk.</p> <p>Props: Books related to subject to appear on the shelf behind Subject X desk.</p> <p>Visual effects (to be added later in post-production): 3 dot points to appear in the background – list points here.</p> <p>(Optional) Draw a quick sketch of the shot.</p>
