

**CALL FOR NOMINATIONS
SCHOOL OF HEALTH AND LIFE SCIENCES STUDENT REPRESENTATIVES FOR RESEARCH
COMMITTEE**

The School of Health and Life Sciences currently has vacancies for Student Representatives for the term 27 September 2018 to 26 September 2019

We are currently calling for the following nominations:

Research Committee: (Two representatives, one undergraduate representative and one postgraduate representative)

The School of Health and Life Sciences Research Committee is responsible for providing advice to the School Board and School of Health and Life Sciences Executive Group. The Committee oversees and supports the development, performance and quality of research. Matters considered by the School Research Committee are reported to the Deputy Vice Chancellor Research and Innovation through the Federation University Research Committee.

If you are interested in understanding and contributing to our School this could be a role for you. We value our student voice on these very significant committees and we need your input.

Nominations are now open and will remain open until 3pm on 21 September 2018.

If you are interested please forward your details to Dean.health-life-sciences@federation.edu.au
STATE YOUR CONTACT DETAILS INCLUDING STUDENT ID NUMBER.

If the number of nominees received exceeds the requirement then an election will be held.

Kind regards,

Peter Gell

Associate Dean Research
School of Health and Life Sciences
