

Tamim Hasan

Master of Technology
Mt Helen

Hey everyone,

I'm Tamim Hasan, your fellow student here at North Western Victoria's Mount Helen Campus, studying for my Master of Technology. Currently in my second year, I call RES (FedUniLiving) my home away from home, and I also serve as a Residential Advisor in FedLiving.

I'm reaching out to you because I believe it's crucial that we all have a say in shaping our university experience. As students, our voices matter, and that's why I'm running for a position to advocate on behalf of all of us.

During my time here, I've had the opportunity to engage closely with student life and understand the challenges and opportunities we face. From academic concerns to campus facilities, I've seen firsthand what matters most to us as students.

If elected, I plan to champion issues like improving access to resources, enhancing campus life, and ensuring that our voices are heard in university decisions. Whether it's advocating for better study spaces, more support services, or fostering a stronger sense of community, I'm committed to making positive changes that benefit us all.

But I can't do it alone. I need your support and your vote to make our collective vision a reality. Together, we can make a difference and create a university experience that truly reflects our needs and aspirations.

So, let's come together, let's make our voices heard, and let's vote for a brighter future for all of us. Thank you for considering me as your advocate. Let's make this happen!

Best,
Tamim

Post Graduate Student Rep

Ashutosh Parajuli

Masters of Data Science
Mt Helen

I am Ashutosh Parajuli, currently pursuing a master's degree in data science. I am truly grateful for the opportunity to introduce myself as a candidate for the Postgraduate Student Representative position. With a profound dedication to addressing the critical issues that define our academic path, I aim to create a positive and impactful transformation.

My resolve to tackle these challenges stems from my own experiences and heartfelt conversations with fellow students. It's my commitment to convert our shared concerns into actionable solutions that guides me on this journey.

Central to my approach is the enhancement of support services tailored specifically to our diverse needs. I recognize that each of us faces unique hurdles. It's my pledge to ensure that vital resources such as research guidance, mental health assistance, and academic support are effortlessly within reach for all of us.

Moreover, the essence of community cannot be understated. I envision fostering regular events that transcend disciplinary boundaries. These occasions will provide us with the chance to connect and forge relationships that extend beyond the classroom.

Recognizing the power of guidance and shared wisdom, I am devoted to advocating for robust mentorship programs. These programs will bridge the gap between us and experienced peers, faculty members, and professionals. Their insights will undoubtedly catalyse our individual and collective growth, ensuring we navigate our postgraduate voyage with confidence.

Together, we have the potential to navigate through challenges, extracting opportunities that pave the way for an academic journey that is both personally rewarding and academically profound. With your trust and endorsement, I am poised to effect substantial change that resonates with us all. Let us, together, steer our journey forward, united in the pursuit of a future that encapsulates the essence of growth, camaraderie, and achievement.
