

Accident Management

Tel: 1800 932 353 Press 1

When involved in an accident follow these procedures:

- A). Remain calm.
 - B). Turn engine off.
 - C). Turn your hazards lights on.
 - D). Call Police and/or Ambulance if required on Ph: 000.
 - E). Exit your vehicle if safe to do so.
-
1. Obtain all the relevant details for your insurance claim from the other party/parties, using the Accident Details section as a guide to the information required.
 2. **Contact Webfleet Accident Management on Free Call 1800 932 353 (24 hours a day 7 days a week)**
 3. The operator will ask a number of questions relating to the accident and will issue other instructions required at the scene of the accident.
 4. If you are unable to contact Webfleet Accident Management (no access to a phone) or your vehicle must be moved immediately, instruct your local tow truck operator to tow the vehicle to their holding yard only. You should then contact Webfleet Accident Management at your earliest convenience.
